

BEER WINS AND W. C. T. U. IS SCORED

BATTLESHIP FLEET ON COAST IS SOUGHT

All the States in West Send Delegates to Coast Congress

Visitors Spend First Day in Seeing Sights About San Francisco

SAN FRANCISCO, Nov. 17.—With the establishment of a battleship fleet in Pacific waters and the restoration of the American merchant marine as the objects of their deliberations, delegates from all Pacific coast states, Alaska and Hawaii, assembled in this city today to attend the Pacific Congress, convened under the invitation of Governor James N. Gilt of California.

The delegations come from Washington, Oregon, Idaho, Nevada, Utah, Arizona, New Mexico and California. They represent state and municipal governments and commercial bodies and include army and navy officers stationed on this coast.

PURPOSES OF MEETING

By the terms of the general invitation issued by Governor Gilt, four purposes are outlined for the congress. In addition to those previously mentioned, it is proposed that the anticipated Panama-Pacific Exposition in this city be discussed and that the final act of the body be the establishment of a permanent congress of the Pacific to meet annually for the consideration of matters of interest to the entire far West.

The delegates were welcomed to the city by a reception committee and taken on an automobile excursion about the city. Special attention was paid to the several proposed sites for the exposition in 1915.

Among the speakers who will be heard during the three-day session of the congress will be Henry Lewis, who will talk on the military preparedness of the United States, particularly on the Pacific coast. It is expected that a debate will develop on the ship subsidy question.

The delegates will be tendered a reception tonight.

ENTERTAINED AT LUNCHEON.

The ex-commissioners returned to the Palace Hotel shortly after the noon hour, where they were met by a reception committee, comprising some of the leading citizens of San Francisco. Afterward they were entertained at a substantial luncheon, which was of an informal character, and which was greatly enjoyed by the visitors.

The congress will discuss, among other things, the present marine of the country and the advisability of having a permanent Pacific coast congress. Attention will also be taken in relation to coast defense, and especially with respect to securing a fleet of battleships equal in size and power to that on the Atlantic, stationed on the Pacific coast.

This discussion will be of the most exhaustive of the kind which has ever taken place on the Pacific coast.

The delegates will begin their morning session at 9 o'clock, and be taken part in by some of the most prominent business and professional men on this side of the country.

ADDRESSES OF WELCOME.

At the assembling of the congress this afternoon addresses of welcome were delivered by James N. Gilt, governor of California, and Mayor McCarthy of this city, both of whom were full of heartiness and patriotism, and were well received.

This evening a reception will be held in the Palace Hotel ball room, arrangements for which are being made by ladies of the California Club.

The reception will be attended by many of the leading ladies in the most exclusive social circles of San Francisco, who have been invited by Mrs. Lovell White, president of the California Club. Among these ladies will be wives and daughters of leading professional men, military and army officers in this city.

PROMINENT WOMEN PRESENT.

Mrs. Gilt, wife of Governor Gilt, will be accorded a prominent place at the reception. Among the other distinguished ladies who have been invited are Mrs. W. C. Gilman, president of the Federation of the Teachers of the Pacific coast, who is now in this city; Mrs. Mamie Weston, president of the Native Daughters of the Golden Age; Mrs. Russell Winters, president of the State Federation of Women's Clubs, who represents 10,000 women; Mrs. Robert J. Burdette, of Pasadena; Mrs. John H. Wells, of Chico; and Mrs. Severance of Los Angeles, who organized the first women's club in this state.

On Saturday the delegates are to go

Delegates From All Sections and State in Attendance

Prominent Men Who Are in Attendance at Coast Congress.

SUICIDE EXPIRES WITH JOKE ON LIPS

Landlady Declares That Two Refused to 'Phone for Physicians

Roscoe V. Coleman Bantered With Family While Writhing in Agony

Roscoe V. Coleman, 19 years of age, and one of the greatest suicides ever recorded at the Receiving Hospital, died here in terrible agony this morning about 1:45 o'clock from the effects of nitric acid poisoning. He resided with his parents at 1265 Bush street and was well known in that locality.

DISAPPEARS FROM HOME.

Coleman had always been a quiet, unassuming boy, but he had been suffering from a nervous ailment for some time. He had been seen by a physician, but the ailment had not improved. He had been seen by a physician, but the ailment had not improved. He had been seen by a physician, but the ailment had not improved.

J. E. CHILDBERG

THOUSANDS SEEK PARDON FOR CRIPPEN

LONDON, Nov. 17.—Solicitor Newton has secured several thousand signatures to a petition for a reprieve for his client, Dr. Hawley H. Crippen, sentenced to die for the murder of his wife, the actress, Belle Elmore. It is probable that the petition will be presented to Home Secretary Churchill today.

Schooner Helpless Far Out at Sea

SAN FRANCISCO, Nov. 17.—A wireless message to the Merchants' Exchange today reports that the steam schooner Chahalls, bound from San Francisco to San Pedro, has had trouble with her engine ten miles south of Point Conception and is awaiting a tow.

H. C. CAPWELL.

Wempe Fortune Is Gone, Claim Made by the Heirs

SAN FRANCISCO, Nov. 17.—That the late Henry Wempe, founder of the Wempe box factory, and reputed to be a man of great wealth, who died in 1894, left no fortune, is the contention made in an answer filed today by his two sons, Girard and Wilhelm Wempe, in reply to a suit for a portion of the estate instituted by their relatives.

At the time of Wempe's death his sons, Girard, Wilhelm and Henry, and the daughter, Mrs. Elizabeth Otten, took charge of his business. The father left no will, and the estate was never probated. A short time later the three brothers bought out

Heart Failure Claims Lives of Millionaires

CHICAGO, Nov. 17.—Two of the best known commission men at the Union Stock Yards died suddenly from heart failure at their Chicago residences last night. They were Thomas Kelly and W. W. Shearer. Mr. Kelly, who is said to have amassed a fortune of \$3,000,000, was president of the National Live Stock Commission Company with branches in St. Louis, Kansas City and Fort Worth.

Grand Jury Will Refuse To Indict Assessor Dalton

It was learned this noon from a most reliable source that the Grand Jury, at the conclusion of its session tomorrow morning, will refuse to return an indictment against County Assessor Henry P. Dalton, who is being investigated for malfeasance in office as the result of charges preferred by Leslie Blackburn, Chief Deputy Assessor Thomas H. Robinson, who has been out of the city since the beginning of the inquiry, has returned home and will be called to the witness stand tomorrow. It is also quite probable that Blackburn will be recalled, but it is understood that both the District Attorney and the judicial body regard the case that far presented against Dalton altogether too weak to warrant criminal prosecution.

Baby Stands Vigil Over Body of Dead Mother

SAN DIEGO, Nov. 17.—When N. T. Willey, a painter and paper-hanger, returned from his work last evening he found the door of his apartment locked. He knocked until he attracted the attention of his infant son and on entering the room found the baby alone with a dead mother. Willey's

PRESIDENT WHEELER of the University of California, who has been petitioned to stop the use of liquor at the Faculty Club.

When the gods on Mount Olympus sipped their nectar, They never thought of times that were to come; When their gray disciples stopped their work to hector, And warn the soph against the Demon Rum, Upon the mount of learning The high brows were not yearning To stop the younger set upon the brink, But beneath the Berkeley oaks, There's an edict against soaks, Here stands the sign, "No Highballs Must You Drink."

Hargis' Nephew Freed Of Murder Charge

Clay Crawford Dismissed by States Attorney; Accused of Slaying Cousin.

BEATTYVILLE, Ky., Nov. 17.—Charges of murder against Clay Crawford, nephew of the late Judge James Hargis of Beattyville, could be said to have been dismissed by the Commonwealth's attorney here today after a jury had been sworn to try Crawford and Eliza Johnson for the killing of Miss Crawford, the former's cousin, during a fight over an alleged illicit still.

The trial of Johnson proceeded. Crawford's brother, Matthew, was assassinated by Charles J. DeLoe at Jackson, Ky., two weeks ago. He was subsequently charged with the crime and was sentenced to death.

Chicago Packers Are Fighting for Life

Attorneys Today Begin Proceedings for a Change of Venue.

CHICAGO, Nov. 17.—The opening round in the fight of the indicted meat packers to take the trial of their cases from the court of Judge Ladd of the United States district court was begun today. Attorney John S. Miller, of counsel for the defense, read an extended petition giving reasons for the change of venue sought by the packers. He was followed by Attorney Monte Rosenthal, also of counsel for the defense, who went into technical argument.

Garment Workers in Another Big Riot

Police Club Crowd That Assaults Gang of Strike-Breakers

CHICAGO, Nov. 17.—Fists of striking garment workers broke out anew today in several parts of the city after a lull of several days. About 200 strikers waited for hours at the foot of Gault court, and as the strikebreakers appeared to take street cars for their places of employment the crowd attacked them. Police from a nearby station used their clubs to break up the disturbance. Many of the strikebreakers were grieved.

HIGH BALLS AND HIGH BROWS

W. C. T. U. Censures Faculty of University for Indulgence in Wine

Students Said to Be Influenced by the Example of Their Instructors

Sophomores Will Clink Steins Joyfully Despite Protest of Clergy

Proposed 'Beer Bust' Throws College Town Into Feverish Excitement

BERKELEY, Nov. 17.—Altered drinking of wine at the Faculty Club of the University of California by professors of the State Institution is strongly condemned in resolutions adopted unanimously by the Berkeley Women's Christian Temperance Union at a meeting yesterday afternoon in protest against the proposed sophomore "beer bust" in West Berkeley tomorrow night.

Turning partial from its censure of the students "who drink on such occasions because they have not the moral strength to turn down the glass," according to the temperance women, the white ribbon organization pays its respects to the university faculty, which it accuses of making the practice of drinking popular among the students by example.

Fraternity Drinking

The professors are called upon to adopt measures to supervise fraternity houses, where it is charged that drinking is indulged in.

The resolutions of the W. C. T. U., which are to be presented to President Wheeler today, call upon the university to stop the sophomore class from serving intoxicating liquors at its annual class smoker tomorrow night, and to make it one of the rules of the university that alcoholic beverages must not be served in any form at any of the late reunions, smokers or banquets of the university.

Up to Faculty

The faculty should be the final authority in all matters governing the physical and moral welfare of the student body. In these words the whole matter is passed on to the faculty by the white ribbon women, who also declare that members of the student body look to the president and faculty to assist in overcoming temptation.

The resolution follow:

Berkeley, Nov. 16, 1910. Dr. Benjamin Ide Wheeler, Berkeley, Cal.

Dear Sir: The Berkeley Women's Christian Temperance Union petitions you, as head of the University of California, to stop the sophomore class serving intoxicating liquors at its annual "class smoker" on Friday evening, the 18th inst.

Many students drink on such occasions because they have not the moral strength to turn down the glass, and it is a disgrace to our State University that such temptation be permitted; also that the faculty should make it one of the rules of

LIFE INSURANCE COMPANIES

They Are Closely Observing Public Health Conditions.

An examining physician for one of the prominent life insurance companies, in an interview on the subject, made the astonishing statement that the reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of applicants do not even suspect that they have the disease.

He states that judging from his own experience and reports from druggists who are constantly in direct touch with the public, there is no preparation that has probably been more successful in relieving and curing these diseases than any remedy known. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of cures.

We find that Swamp-Root is strictly an herbal compound and we would advise our readers who feel in need of such a remedy to give it a trial. It is on sale at all drug stores in bottles of two sizes—fifty cents and one dollar.

However, if you wish first to test the preparation, the manufacturer will gladly forward you a sample bottle by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper.

BRITISH PLANNING FOR U. S. SAILORS

London Corporation Votes the Sum of \$10,000 to Entertain American Fleet Visitors.

LONDON, Nov. 17.—The lord mayor and the corporation will entertain a large number of the American officers and men at luncheon in Guild hall during the stay of the American fleet in the Thames. The corporation voted today an expenditure of \$10,000 for this purpose. It is hoped that the visiting bluejackets will march through the city on the date of the occasion, which has not yet been determined.

A large body of men from the battleship Mississippi came into the city today and drove about the streets in carriages and taxicabs.

JACKIES VISIT PARIS.

PARIS, Nov. 17.—Groups of American bluejackets visiting Paris are everywhere objects of interest and are cordially welcomed. One hundred men from the battleship Georgia arrived from Brest today, and as they passed out of the railway station, apparently eager for the first glimpse of the French metropolis, they were repeatedly photographed by representatives of the Paris journals.

American Ambassador Bacon will give a dinner to the officers of the fleet.

THREE JAILED FOR PADDING THE CENSUS

WASHINGTON, Nov. 17.—The population of Great Falls, Mont., is 13,948, a decrease of 822, compared with 14,770 in 1900.

Director Durand says that the Great Falls returns returned originally showed a total of 23,324, or 8375 more than the correct count. The director attributes the attempted padding to three out of twelve enumerators of the city, 60 per cent of whose returns, he says, were fraudulent.

The three men were arraigned and two of them sent to jail for twenty-four hours each and fined \$150 each, while the third was in prison for forty-eight hours and fined \$200. He says that the increases were obtained largely by taking the names of transient visitors to the city which were placed in the hands of the enumerators by private individuals.

Catarrh

Whether it is of the nose, throat, stomach, bowels, or more delicate organs, catarrh is always debilitating and should have attention.

The discharge from the mucous membrane is because this is kept in a state of inflammation by an impure condition of the blood. Therefore, to cure, take the best blood purifier,

1118-26 WASHINGTON STREET.

PARLIAMENT IS TO DISSOLVE NOV. 28

Government Is Planning to Pass Budget Before Appealing to Country

LONDON, Nov. 17.—An apparently inspired statement issued today fixes November 28 as the date for the dissolution of parliament.

The government, it is asserted, plans to pass the budget before appealing to the country. Debate on the fiscal measure is proceeding in the House of Commons, while the Lords are listening to the veto bill.

That the American dollar and the Irish dictator will figure in the Unionists' campaign was indicated at this annual conference of Conservative associations at Nottingham today when Henry Chaplin, Unionist member of Parliament for Wimbledon and former president of the local government board, denounced the government, which he said was herding sheep to the rule of the country, to the sworn enemy of England, who, with gold of foreign millionaires, aspires to dictate our destinies.

RECONSTRUCTION OF UPPER HOUSE.

In the House of Lords, sitting as a committee of the whole today, the Earl of Rosebery moved resolutions for the reconstruction of the upper house, based on his resolutions of last March, which already have been accepted by the lords. The resolutions were adopted without division. They were:

"That the House of Lords shall consist of lords of parliament, (a) chosen by the whole body of hereditary peers from among themselves and by nomination by the crown; (b) those sitting by virtue of their offices and qualifications held by them; and (c) those chosen from outside."

"That the term of tenure of all lords in parliament shall be the same except in the case of those sitting ex officio, who would sit only as long as they hold office by reason of which they sit."

LORD ROSEBERY'S ADDRESS.

Speaking in support of his resolutions, Lord Rosebery said he believed that in this principle it would be possible to reform the upper chamber to a large extent, solve a great problem and maintain the ancient constitution of the country without the convulsions incident to a reform by general elections.

In the case of a disagreement between the two houses, the dispute should be settled by a joint conference, or in the event of the failure of the conference by referendum.

There could be no question as to the choice of the country between a reformed House of Lords and the intolerable tyranny of a single chamber, his lordship said.

Big Liners Smash Together in River

Both Were Returned to Their Docks for Needed Repairs.

NEW YORK, Nov. 17.—The big French liner La Touraine had a hole stove in her bottom today in a collision with the North German-Lloyd liner Prinz Friedrich Wilhelm in the Hudson river as both steamships were swinging away from their piers to head away for Europe. The two liners immediately returned to their berths, where examinations were made to ascertain if any serious damage had been inflicted.

Shoots Cousin for Deer, Kills Himself

Michigan Man Found Dead in Woods; Nearby Relative Lies Dying.

SAULT STE. MARIE, Mich., Nov. 17.—Timothy Smith, 32 years of age, was found today in the woods near here, dead from a self-inflicted wound.

Near by his cousin, Samuel, 15 years of age, lay dying from a shot believed to have been fired by Tim.

Circumstances indicate that the latter mistook his cousin for a deer, and after realizing his mistake, took his own life.

OAKLANDERS MADE OFFICIAL BY BIG VOTE

EDWARD KANE, formerly of Oakland, who has been appointed a trustee of Sanitary District, Chicago.

The many friends of Edward Kane, a former Oakland boy, who is making a reputation in the East as a sanitary engineer, are rejoicing at the news contained in a telegram just received by his brother, Frank Kane of 481 Ninth street, announcing his election as a district sanitary trustee in Cook county, Illinois.

Kane, who was formerly superintendent of water supply in District No. 5 in the city of Chicago, polled the highest vote except that of the president of the board, winning out by a majority of 20,000.

He is very well known in Oakland, having attended the public schools and graduated from Oakland high school. He recently paid a visit to his old home after twenty years' absence.

The office to which he has been elected carries a salary of \$6000 a year. Kane's father, Michael Kane, is a retired capitalist. The family lived for years in West Oakland.

Big Express Train Is Reported Ditched

ALBUQUERQUE, N. M., Nov. 17.—The westbound overland express on the Atchafalaya, Topeka and Santa Fe Railroad is reported ditched near Bluewater, N. M., about 100 miles west of here.

Railway officials say no one was hurt, but Trainmaster Higginson has left for the scene on a special train.

TOPEKA, Kas., Nov. 17.—Officials of the Atchafalaya, Topeka and Santa Fe Railway in this city today received a report of the wreck of the Overland express in New Mexico, verifying the dispatch from Albuquerque that no one was killed. The entire train was derailed, according to the local officials.

KANSAS EDITOR CALLS ON COL. ROOSEVELT

NEW YORK, Nov. 17.—One of Colonel Roosevelt's visitors today was Colonel William R. Nelson, owner of the Kansas City Star. The Evening Post quoted Mr. Nelson as follows:

"I understand Roosevelt," said Colonel Nelson, "and it is not merely the leader of the Republican party—he is leader of the American people. The old parties are breaking up. It may take two years, but may take six years, for the people to come together in the fight for their own rights, but when they do there won't be anything to it."

"Will you see Roosevelt? It's too early to discuss that, and there are too many cross-currents in the political stream. The trouble is people don't realize that it is the last thing Roosevelt is worrying about. Only those who know him well really appreciate that the thing which concerns him least when he is in action is what may happen to himself."

"And this is true whether he is going up in an aeroplane, going into the heart of Africa, or fighting to help his party out of a hole."

STIMSON SPENDS \$1,292 SEEKING HIS ELECTION

ALBANY, N. Y., Nov. 17.—Henry L. Stimson, defeated Republican candidate for governor, certified to the secretary of state today that he spent \$1,292 in aid of his candidacy, which included a \$1000 contribution to the Republican state committee and \$292 to the Stimson campaign fund. Stimson said he gave \$25 in tips to hotel and Pullman employees.

SMALL FIRE DOES LITTLE DAMAGE.

A small fire broke out in the residence of Mrs. H. Whitney of 1267 Seventh street about two o'clock this morning. It was quickly put out by the flames, no damages resulting to the building from the blaze. The cause of the fire is unknown.

THE ADVICE OF A FRIEND Given to Those Who Need It

San Francisco, Cal.—"To anyone who is run-down or who needs a good blood purifier, I want to recommend Vinol, the great cod liver and iron tonic. I was run-down, feeling badly and only weighed about 140 pounds. I took a course of Vinol; it purified my blood, gave me a fine appetite, and built me up. Now I am well and strong, weigh 175 pounds and, in fact, never felt better in my life." John S. Charles, 326 17th street, San Francisco, Cal. (We guarantee this testimonial to be genuine).

Vinol is a delicious combination of the health-giving properties of the cod's liver, with the sweetest and most palatable of wines. If your blood is poor or sluggish, your appetite poor, your digestion weak or your vitality not up to the standard, or if you are suffering from chronic coughs, colds or bronchitis troubles, try a bottle of Vinol with the understanding that your money will be returned if it does not help you. It could not do what all these people claim it did for them if it were not honest. The Owl Drug Co., Oakland, Cal.

SEEK BATTLESHIP FLEET FOR THE PACIFIC OCEAN

Delegates Present From All of the States on the Western Coast

Visitors Spend Morning in Automobile Sightseeing Trips Around San Francisco

(Continued from Page 1)

on a bay excursion, the use of the ferry boat. Telephone having been given for this purpose.

MARINE LEAGUE PAMPHLET.

The Merchant Marine League of California which has acted in conjunction with Governor Gillett in calling this convention, has issued a very beautiful pamphlet containing portraits of the officers of the league and the members of the reception and other committees who will be in charge of the proceedings of the convention here. The pamphlet also contains excellent views of the harbors and features of the eight states which are supposed to be interested in the proceedings of this gathering.

These views are of the harbors of San Francisco, San Diego, Eureka, San Pedro, Oakland, Seattle, Wash.; Honolulu, Portland, Ore., and views in Nevada, New Mexico and Arizona.

OAKLAND HARBOR.

Two pages are devoted to illustrating the importance of the harbor of Oakland, one of the chief ports of the world, at which the transport of goods is being built, one owing the vessel at a distance and another at close range in which there are several hundred men shown to be actively engaged in the work of rebuilding.

Speaking of the harbor of Oakland, the pamphlet has the following:

"The Oakland harbor is divided by the Government engineers for the purposes of description into the inner harbor and the western water front."

"The inner harbor of Oakland consists of the estuary of San Antonio, extending from the canal to the bay of San Francisco. The terminal wharves of the Alameda branch of the Southern Pacific and the Western Pacific railroad mark the mouth of the estuary."

"The estuary length from the mouth to the Brooklyn basin is approximately four miles and the area is divided into two basins, the inner harbor and the Brooklyn basin, the latter being about two miles more to the shore line of the inner harbor."

"From the mouth of the estuary to Fallon street three thousand feet west of Brooklyn basin, the Government surveys provide for a depth of 25 feet between Brooklyn lines, a width of 100 feet from 500 to 800 feet from Fallon street to the basin the depth of channel is 17 feet and surveys for 25 feet that have been approved."

"The channel around the outer edge of the Brooklyn basin is dredged to 17 feet."

"The investment of the industries in permanent improvements along the estuary is estimated at more than \$15,000,000."

"The traffic handler exclusive of the ferry business on the estuary amounts to more than a million and a half tons per annum."

"Expensive walls have been constructed along this inner harbor, though no more than a small fraction of the capacity has been utilized."

"The City of Oakland has let contracts for the construction of 2000 lineal feet of bay wall wharves along the central portion of the north side of the estuary and bonds to the extent of \$2,000,000 have been voted for municipal wharves."

"The west front of Oakland consists of the bay shore from the mouth of the estuary to and including the Key Route mole."

DEEP-WATER TERMINALS.

"Along this western water front are located the deep water terminals of the five transcontinental railroad lines that reach this part of the coast. To develop these basins of the water front and the whole of the expenditure of several million dollars have been expended."

"This advertisement of Oakland has favorably impressed the representatives of the city who are here to confer with the Marine League of California in willing to harbor facilities on the other side of the bay."

AFTERNOON SESSION.

The congress was called to order this afternoon at 2:30 o'clock by Frank B. Anderson, president of the Merchant Marine League of California, who was acting as temporary secretary. The ballroom of the Palace hotel, which was fittingly decorated with United States flags, was comfortably filled with people, among the delegates being about twenty women. W. S. Mackey, president of the United States Maritime Commission, was escorted by Charles A. Donahoe, secretary of the same organization; H. C. Walter, Colonel Theodore Gier, Captain Meese and H. C. Taft.

A few moments before the delegates took their seats on the lobby of the meeting reception committee, headed by Governor Gillett, met the delegates and welcomed them to the city. The delegates were seated in the ballroom and the meeting was called to order by Governor Gillett. There were several seconds to the motion and finally nominations were unanimously and with a great deal of enthusiasm. As he moved the platform with hearty cheers.

The Governor then called upon Mayor P. H. McCarthy to extend a welcome to

PRESIDENT TO HAVE TURKEY WITH HOBBLES

NEW YORK, Nov. 17.—A hobble turkey is being fattened by Bentley Wickstrom of the Big Place near West Caldwell, N. J., and, like every turkey that gets mentioned in the newspapers, he is being fattened for President Taft's Thanksgiving dinner. But the mere fact of being No. 37 in the Taft table series is not this turkey's claim to distinction.

Her proud pre-eminence is due to her amazing resemblance just above the feet to a hobble-skirted woman.

Her legs are fastened together with a sinew about two inches above her toes and are covered with feathers clean down to the ground. The fowl when traveling hops along, much as a bird does, but gets over the ground very slowly. This prevents her, says Wickstrom, from getting much exercise, and consequently she has taken on more flesh than her companions. She now weighs twenty-two pounds, and he predicts a thirty-pound weight by the Monday before Thanksgiving.

COLLECTS HIS ELECTION BETS IN A WAGON

NEW YORK, Nov. 17.—It was the day for cashing in on election bets and one Tammany election captain hired an express wagon—a union express wagon—to do it. When he had made the rounds he had a full load of new hats and boxes of cigars.

Down town in the financial district, along the curb on change, and uptown in "Peacock alley" and hotel corridors it is estimated that fully \$1,000,000 changed hands. One curb broker is said to have handled \$350,000.

Fred Brooks, the old-time betting commissioner, says he placed \$25,000 in commissions and \$20,000 in backing his own judgment. Oddly enough, the heaviest individual loss reported befell a man who bet on Dix, but placed his plurality at 75,000 or better.

DEPORTED BECAUSE HE BEAT HIS WIFE

WASHINGTON, Nov. 17.—Jacob Koch with his wife and three little children came to this country from Germany in July and settled in St. Louis. A little later Koch quarreled with his wife and gave her a beating that brought in the police.

The wife told the police a story which will probably send Koch to a German jail and result in the whole family being deported.

The wife said Koch was an abandoned man from his employment and turned over to the police \$1100 which she said represented what was left of the money. The department of commerce and labor has ordered Koch deported and the German police will look for him when he lands. The family may be deported, as it is likely to become a public charge.

BRIDE OF 74 KILLS HERSELF AETER QUARREL

BRIDGEPORT, Conn., Nov. 17.—Dependent over the fact that she had quarreled and separated from her 70-year-old husband, after she had lived with him only a day and a half, Mrs. Elizabeth Unger, aged 74, committed suicide by inhaling illuminating gas. Her body was found late last night.

Don't Pay More Than \$2.50 For Shoes

You can wear the best that are made, and only pay \$2.50 for them, if you come to the low-rent, small-expense, up-stairs shop of the Lewis Sample Shoe Co. Perfect fit and absolute satisfaction guaranteed.

Among the new arrivals, ready for Friday and Saturday, are:

Ladies' Black Suede Button Boots \$2.50
The swell new Napoleon three-quarter cut black Suede Boots, just as picture; short vamps, stub toes; sold elsewhere at \$5 and \$6 the pair. Here for \$2.50.

Men's \$5 Winter Blucher Shoes \$2.50
Black or tan leather; double extension soles; very classy shoes, splendid for wet weather; \$5 values, \$2.50 pair.

LEWIS SAMPLE SHOE CO.

WASHINGTON AND 12TH STS.—TAKE ELEVATOR
OPEN SATURDAY EVENINGS

YALE AND HARVARD READY

NEW HAVEN, Nov. 17.—The Yale and Harvard eleven began today putting the finishing touches on their preparation for the football game at Yale Saturday.

The Harvard squad, numbering 34 men, was taken to Yale field and given a workout, including a preliminary drill in the rudiments of football, short departmental drills and signal practice.

From present indications, it was stated Harvard back field probably would be Wigglesworth at quarter back, Corbett at half back, Teddlor at right half back, and Leslie or Morrison at full back.

The Yale eleven took the field after the Cambridge men and ran through a long signal drill, the work being done behind closed gates.

CONFESS PLOT TO WRECK PROPERTY

Prisoners Tell of Attempt to Ruin Railroad Factory Machinery.

KANSAS CITY, Nov. 17.—P. F. Sweeney and W. G. Owen, who were employed in the Missouri Pacific shops at Sedalia as machinists until the machinists' strike was declared May 2, pleaded guilty in the criminal court here today of malicious mischief, confessing that they had been in a plot to destroy the property of the railroad company. They were sentenced to six months in jail.

In the confession the men said they were to have gone to work under false names as non-union men and then sought to wreck the company's property. This they did, Sweeney and Owen said, in Argentina, Ark.

RUINED LATHES.

They said they placed a chisel and capsules filled with steel chips and emery dust in the great lathes used to turn out locomotives and car wheels. Each machine is valued at \$30,000.

Their attempt to ruin them, they said, was discovered before much damage was done.

The men came here recently and were employed in the local shops of the company. A detective who had been following them since they left Argentina, arrested them here.

INCREASES REWARD FOR MURDERER

Oklahoma Town Offers \$1100 for Capture of Police Chief's Slayer.

GUTHRIE, Ok., Nov. 17.—The report that Oscar Oret, a supposed Mexican wanted for the killing of the chief of police at Anadarko, Ok., had been captured at Chilesa, Okla., is untrue. His whereabouts was unknown today.

The city of Anadarko has increased the reward for his capture from \$800 to \$1100.

FARMER, ACCUSED OF MURDER, SURRENDERS

MAY'S LANDS, N. J., Nov. 17.—Suspect of having murdered his wife, Mary, in their home near Hamonton, N. J., on October 24, William H. Strong, a farmer, aged 60, was put this afternoon in Atlantic county jail, to await a hearing.

He protested innocence when arrested and cried: "My God, this is awful! I never killed my wife. I thought too much of her."

13 Cadets in Hospital With Typhoid Fever

Two of the Patients in Naval Academy Are from California.

ANNAPOLIS, Md., Nov. 17.—Two more midshipmen were sent to the naval academy hospital today suffering from typhoid fever, making 13 cadets in all who are down with the disease (not 17, as was erroneously reported). Among them are T. S. Stern and Reginald S. H. Venable of California.

The cases are declared to be of a mild nature.

COUNCIL BLUFFS NAMED FOR THE NEXT REUNION

TOLEDO, Nov. 17.—At the concluding business session of the forthright reunion of the Society of the Army of the Tennessee today, Council Bluffs, Ia., the home of Major General Grenville M. Dodge, president of the society, was chosen for the next annual reunion. Major General Dodge was re-elected to serve his twentieth term.

NEEDS OF CITIES

One Day Left League of California Municipalities for Work.

SAN DIEGO, Nov. 17. — With just one more day in which to transact the business of the convention the delegates to the thirteenth annual meeting of the League of California Municipalities settled down to business at 10 o'clock this morning with a long and varied program ahead of them. The department of engineers, councilmen and street superintendents heard papers on "The Benefits Resulting from Municipal Lighting in Pasadena," by C. A. Corner, general manager of the Pasadena electric light plant; "The Testing of Asphalts," by Charles A. Blackmar, oil inspector of Los Angeles, and "San Diego's Water System and Commercial Inspection for Municipalities," by Emory E. Smith.

HEAR MANY PAPERS

In the department of city attorneys the following papers were heard and discussed commencing at 9 o'clock: "The Ideal City Charter," by Frederick Baker, city attorney of Glendale; "Suggested Modification of the Vrooman Act," by City Attorney H. B. Vrooman of Santa Cruz, and "Consolidation of Municipal Water Front," by Stephen G. Long, city attorney of Long Beach.

The department of auditors, clerks and assessors, commencing at 9 o'clock, heard and discussed the following paper: "Auditors' Duties," by M. L. Enamcum, auditor of Berkeley. General discussion of the proposed bill to establish a uniform system of municipal accounting occupied the remainder of the morning session of this department.

At 1:30 p. m. the delegates as a whole heard papers on the following subjects: "Ideal Municipal Accounting," William Dolan, of San Francisco; "The Los Angeles Aqueduct," illustrated with slides by J. B. Lippincott, assistant chief engineer; and "Oakland's High Pressure Fire Fighting System," by Assistant City Engineer F. F. Brown of Oakland.

This evening the delegates will assemble at the Armory to hear talks by the exhibitors at the municipal exposition.

PAY LAST TRIBUTE TO JAS. McELROY

Many Friends Attend Funeral of the Late Oakland Pioneer.

The funeral of the late James McElroy, a pioneer citizen of this city, who died last Tuesday, was held this morning at 10 o'clock in St. Mary's church, Eighth and Jefferson streets, where friends and relatives of the deceased gathered to pay their last tribute. The solemn high requiem mass was celebrated by Rev. Father Edward Dempsey, pastor of St. Mary's church. Rev. Father Thomas Kennedy was the deacon and Rev. Father P. McGarron sub-deacon. The mass was sung by the regular volunteer choir of the Oakland Conservatory of Music.

Promptly at 10 o'clock the bells tolled from the church turret and the mourners entered the house of worship. Floral gifts, which filled the parlors of the late home of the deceased, 607 Sixth street, beside the eastern in which he was held. The casket was covered by a pall of violets and ferns. From the residence the body was conveyed to the church and after the impressive mass the remains were interred in St. Mary's cemetery, where short services were held.

The chief mourners were: Miss Mary McElroy, roy, Henry McElroy, Mrs. Mary McElroy, Dr. Bernard F. McElroy, Mrs. J. E. McElroy, Jack McElroy, Mrs. James McElroy, Alleen McElroy, the pall-bearers were John Foster, B. McElroy, T. J. O'Brien, O'Brien, E. Dolan and T. Fitzpatrick.

The deceased is survived by James J. McElroy, Dr. Bernard McElroy, Henry McElroy and Miss Mary B. McElroy. He was the father of the late John B. McElroy, former city attorney of this city.

ST. ANDREW'S GUILD READY FOR BAZAAR

The Ladies' Guild of St. Andrew's church will hold their annual bazaar in the Sunday school rooms of the church, Twelfth and Magnolia streets, Tuesday afternoon and evening, November 22. The booths will be in charge of the following women:

Floury Booth—Miss Jane Barr; and Mrs. G. Webster. Delicatessen—Mrs. W. Wilkins and Mrs. F. Kane. Candy—Miss Gladys Webber and Miss Jeanie Wilkins.

Grab-Bag—Miss Laura Baker and Miss Erna Lassen. Toy Cream—Mrs. Charles Foster and Mrs. Arthur Spooner. Lemonade—Miss Mary Wheaton. Kitchen—Mesdames Ross, Larson and Powell.

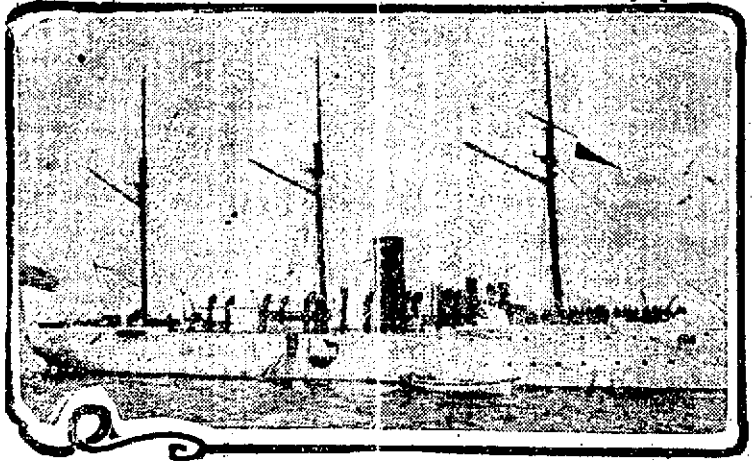

A splendid program will be given in the evening under the direction of the Field and Camera club of the parish. The proceeds will be devoted to the various needs of the church.

IMPARTIAL COMMISSION MUST REVISE TARIFF

CHICAGO, Nov. 17.—There is no patriotism in party politics and there will be no real tariff revision until it is done by an impartial commission, according to Dr. C. W. Newell, president of the University of Minnesota, who addressed the National Founders Association at its annual banquet here last night.

"There's a Reason"

By Oakland Firm for \$11,250

The U. S. Gunboat Bennington which has been sold to a junk dealing firm of Oakland.

Upon a bid of \$11,250 the United States steel schooner-rigged gunboat Bennington, now lying at the Mare Island navy yards, passed into the hands of a group of Oakland speculators this week. As soon as official confirmation of the sale arrives from Washington the vessel will be towed into the estuary and there dismantled for the junk which it contains while the hull is reported to be in first-class condition, will probably be remodeled into an oil carrier for service out of this port.

Announcement of the sale to the successful bidders reached here this morning. Those interested in the deal are Sam Lichtenstein, a junk dealer of 408 Third street, in whose name the bid was placed, H. Davis, A. Berovich Company and one or two others who some time ago inspected the hull and decided to make a bid.

HIGHER THAN APPRAISEMENT

The price they set upon the Bennington is reported to have been \$1250 higher than the government appraisement. The vessel is 230 feet in length with a 36-foot beam and was built in 1890. Four years ago, while it was lying in the harbor at San Diego, several boiler tubes exploded, resulting in the death of an ensign and several sailors. A court of inquiry investigated the disaster without definitely fixing the responsibility for the explosion except that in their opinion there had been negligence in the inspection of the boilers.

The vessel was later taken out of commission and laid up at the Mare Island yard, where it commenced rapidly to diminish in value. Being of no further use to the government bids were called for with the result that the local speculators have secured the vessel.

TOWED INTO ESTUARY

"As soon as we receive official confirmation of the sale we will obtain the release of the vessel and have it towed into the estuary. The first of the month we made an inspection and found that the hull is in first-class condition, while there is a great deal of machinery aboard that is of value. There are no boilers, however, but this is not essential for our purposes, as we will likely break her up for junk, with the exception of the hull, which is still of value."

Not long ago the same group of dealers placed a bid on the British ship Damara, which went on the rocks near Fort Point, laden with a large cargo of barley, consigned to ports in the United Kingdom. Their bid of that vessel was for \$24,000, but the ship finally went into the hands of the Union Iron Works of San Francisco.

SAN FRANCISCO CENSUS GIVES THE CITY 416,912

Metropolis Gains 21 Per Cent Since Count in 1900 and Now Ranks Eleventh in Cities of the United States

WASHINGTON, Nov. 17.—San Francisco's population is 416,912, a gain of more than 21 per cent. San Francisco was next to Buffalo in the census of 1900, and remains in that rank this year, the relative increase of population being the same.

Detroit grew very rapidly, passing both Buffalo and San Francisco, and now ranking ninth.

San Francisco is eleventh in the list, Buffalo tenth and Milwaukee twelfth. The increase of San Francisco's population in the face of the greatest disaster that ever visited any city is one of the marvels of the new census, and is sure to create wide comment of value to San Francisco in its fight for the Panama exposition.

In connection with the announcement of the population of San Francisco the director of the census said the original returns contained 420,234 names, but of these, on investigation by the census bureau, 322 were eliminated. There was found no evidence of intentional fraud on the part of the enumerators.

"The principal classes of names eliminated," said Director Durand, "were those persons on vessels not having San Francisco as their home port; fishermen absent on the high seas, whose names were obtained from their employers and not from their boarding houses or other places of residence; and persons whose names were obtained from employment agencies, having been sent by such agencies to work outside of the city prior to census day."

No person absent from the city was eliminated from the count when it could be ascertained that his usual place of abode was in some particular place in the city. Thus a considerable number of Chinese who had gone to Alaska to work in the canneries there were allowed to be enumerated in San Francisco because they were reported from the houses where they had resided and to which they expected to return.

The director said that Captain Baldwin, supervisor of the census for San Francisco, had done his work in a thorough and conscientious manner.

THICK FOG DELAYS BAY FERRY BOATS AT BIG CONVENTION

Navigation Made Difficult by the Dense Weather This Morning.

This morning a heavy fog dropped down on the bay and enveloped not only the city of Oakland, but all the cities on this side of San Francisco bay. It was the heaviest fog of the season. In accordance with the usual custom, the Southern Pacific management limited the running of its boats on the ferry service to the bay to trips at 40-minute intervals. Even with this embargo the thousands of residents on this side of the bay were able to reach their places of business in San Francisco at a very reasonable hour.

While waiting for the boats the passengers were accommodated in the waiting stations at the broad gauge and narrow gauge moles and were dispatched at the earliest possible moment. Expectations of elevator conductors and other persons connected with the Southern Pacific predicted that the fog, in all probability, would lie over the bay until late in the afternoon. The service was handled in a very effective manner and no accidents up to the time of going to press have taken place.

The steamer Oakland on the 7:10 a. m. trip from San Francisco during the dense fog crashed into the pier head while passing the Alameda ship. The boat was damaged to some extent and the most timid of the passengers for a while were greatly alarmed. The Oakland finally succeeded in making the landing without further mishap.

ANNOUNCEMENT MADE OF CIVIL SERVICE QUIZ

The United States Civil Service Commission announces that examinations will be held in San Francisco at an early date for the purpose of filling vacancies in the positions of elevator conductors and marble polishers in the new customs house building. Applicants must be citizens of the United States and must have had previous experience as either elevator conductor or marble polisher.

CHINESE EMPIRE

Oxford Tutor at Stanford to Aid Building University in the Orient.

STANFORD UNIVERSITY, Cal., Nov. 17. — With the purpose of arousing interest among the Stanford faculty in the proposed establishment of an international university in China, Leslie Johnston, fellow and tutor of Magdalen College, Oxford, is now a guest here as the representative of the leading educational institutions of Germany and England.

Johnston, who returned recently from China, is carrying his campaign for an extension of the Chinese educational system to all the great educational universities of the world. He hopes to interest all the great universities in the project and to establish an institution of advanced learning in the Orient which will be supported by international patronage.

SITE SELECTED.

While in China Mr. Johnston selected what he believes would prove an ideal site for the university. It is about 600 miles up the Tan Tse river. It also is a part of his plan to send the professors selected to occupy the various chairs of the new university to various Chinese building operations are commenced in order that they may acquire the Chinese language. Construction of the buildings, Johnston hopes, will begin within four years.

The project originated in the course of a discussion of Oriental educational affairs between representatives of Oxford and Cambridge universities. It was so seriously considered that Lord William Cecil, who is engaged in a personal study of the situation in China for some years.

ASSOCIATIONS FORMED.

The interest extended to German universities and later Harvard and Columbia took it up, forming associations to promote the enterprise.

As a result of the efforts of Mr. Johnston a committee from the faculties of Stanford and the University of California probably will be named to direct the work on the Pacific Coast.

WILL INVEST GATE ROOMING HOUSES

Pastor's Sermon On Evils in City Arouses the Police to Action

FRESNO, Nov. 17.—Chief of Police Shaw announced last night that a thorough investigation of the lodging houses in the business section of the city would take place. This announcement came as the result of a sermon by Rev. Harvey S. Hanson, rector of St. James' Episcopal church, one of the most exclusive congregations in Fresno, in which Rev. Hanson described the conditions in the lodging houses as awful. "The extension of vice in the so-called lodging houses has ascribed to the 'cover-rearing' efforts of good but misguided people who attempted to entirely stamp out the evil."

"Advocating the setting apart of a segregated district does not imply any lack of realization of the awfulness of vice," he continued. "Some day we hope to stamp it out. But it is a ways has existed and exists now. The safety of our daughters depends on keeping that class in a definite district under strict police supervision."

An investigation also is being made of boxes in restaurants, as the pastor asserted that liquor was being sold to parties of young people at late dinners, violating the city ordinance.

DEBTOR ATTACKS BILL COLLECTOR

Chinese Laundryman Hit On the Head With a Black Jack.

SAN FRANCISCO, Nov. 17.—Leon Chee is a prosperous Chinese laundryman, and he has long been in the habit of collecting his bills at night. This has proved convenient, because many of his customers are at their work in the daytime. As the result of an experience last evening, however, he has determined to confine his operations to the light.

About 9:15 p. m. Chee called at the room of Lester Pelasquez, a Porto Rican fisherman, at the New Montgomery hotel, 3614 Montgomery avenue. He knocked on the door.

"What do you want?" was the query from the inside.

"I like collect my bill," said Chee. "You settle your laundry all right."

Wait a minute," was the response, when the door swung back and Chee started to enter. All was blackness with in, but from the jolly darkness a blow was struck and the unfortunate Chinese fell to the floor, having been knocked on the head with a blackjack. He cried for help and Policeman Skelly, responding, arrested Pelasquez and booked him at the city prison for assault with a deadly weapon.

Chee's private physician treated an extensive lacerated wound of the scalp.

MEXICAN REVOLUTION NIPPED JUST IN TIME

MEXICO CITY, Nov. 17.—A revolutionary movement, with ramifications throughout at least twelve states of the republic, has just been nipped in the bud through the vigilance of Federal authorities. The fact became known yesterday. The movement was attributed to Francisco I. Madero, erstwhile candidate for the Presidency in opposition to General Diaz, and Ricardo Flores Magón, the revolutionist who served a prison sentence at Florence, Ariz., some years ago for violation of the United States neutrality laws.

Arms and ammunition, it was said, have been widely distributed, and a concerted uprising on a big scale was planned. Secret agents of the Federal Government succeeded in seizing papers in which the plans of the revolutionists were outlined. Effective measures were taken at once to thwart the proposed insurrection.

LODGE WOMEN PLAY "500" AND BANQUET

Sierra Council held a very large and enjoyable ladies' night at their hall, Pythian Castle, on the evening of November 7. The fascinating game of five hundred was played until a late hour, after which refreshments were served.

The large banquet hall, where was a general round of good fellowship among all those present and the women voted that they would be sure to come to the next affair and invite all help friends. The prizes were taken away by Mrs. Runkler and Brother Colin A. Bishop.

There will be initiation Monday November 21, and full attendance is promised. The Past Regent's address will confer the degrees, and a number of visitors have advised they will be with us.

CENTENNIAL CHURCH TO HOLD BAZAAR

The Ladies Aid Society of the Centennial Presbyterian church of 1st and Oakland open their Christmas bazaar today. They have secured a large room on Twenty-third avenue near Fifteenth street, where they will have on sale a large assortment of display of fancy and useful articles.

The young ladies of the church will have charge of candy, ice cream and coffee booths. The proceeds of the bazaar will go to help defray the expenses of the church building alterations.

The Centennial church, recently been entirely renovated—circular pews put in and new electric fixtures. The building is to be painted and a large furnace to be installed.

The bazaar will be open all day and evening Thursday and Friday.

Wife Burned Their Marriage Certificate; Published Note Again

NEW YORK, Nov. 17.—BINGHAM-LAWRENCE—On July 8, 1884, by the Rev. Samuel Currier, Sarah C. Lawrence to George W. Bingham.

This announcement of a wedding 46 years ago appeared in today's papers here. Mr. Bingham, a civil war veteran, explained he had placed it in the papers because his wife accidentally burned their marriage certificate several years ago.

He is getting old and fears that after his death his wife might have trouble in producing proof of their marriage to obtain the soldier's widow's pension of \$12 a month. A lawyer advised him to guard against such a possibility by advertising his marriage and having witnesses swear that the advertisement had been inserted.

JURY RENDERS VERDICT AFTER 34 YEARS' TRIAL

NEW YORK, Nov. 17. — Thirty-four years after a suit was begun against the Mutual Life Insurance Company, a verdict was rendered here today by a jury in the Supreme Court.

Georg Adler, a glove manufacturer who had insured his life for \$5000, died in 1876, but the company refused to pay the policy to the beneficiaries, contending that Adler had committed suicide.

The beneficiaries sued and twice their complaint was dismissed, but each time they appealed and obtained a new trial. On the third trial the insurance company lost and this time it appealed.

The case was sent back once more for a new trial, which resulted in a verdict against the company, with an order to pay \$15,000, the amount of the policy with interest.

Active Man in New Position

F. H. Lohmann, for years manager of F. H. Austin's loan department, has severed his connection with the above firm and opened offices in the Union Savings Bank Building, where he will devote himself entirely to the making of real estate loans.

Mr. Lohmann is considered an expert on realty values and has a wide acquaintance and large clientele, which will undoubtedly result in the establishment of a lucrative business.

Mr. Lohmann has resided in Oakland all of his life and is well and favorably known in the business community, as is evidenced by the fact that during his tenure as manager of F. H. Austin's loan department he placed upwards of \$2,500,000 in loans on real estate.

His many friends and acquaintances predict for him a successful career in his chosen line.

GRAND JURY TO PROBE POISONING OF SCHENK

WHEELING, W. Va., Nov. 17.—There will be no preliminary hearing for Mrs. Laura Schenk, who is in jail charged with having administered poison to her millionaire husband John O. Schenk. Announcement was made today that her case would be presented to the special grand jury tomorrow.

WANT LIGHTSHIP OFF CAPE BLANCO

"Foul Ground" to Be Guarded; Many Narrow Escapes at Place.

PORTLAND, Ore., Nov. 17. — The Portland Chamber of Commerce will hold a meeting tomorrow for the purpose of urging upon the Oregon congressional delegation the advisability of a steam lightship to mark Orford Reef, off Cape Blanco.

All water traffic from San Francisco to the Columbia river and Puget Sound travels the same path as far north as Blanco. At that point Columbia river-bound traffic "stands out." Puget Sound-bound traffic "stands out."

All south-bound traffic centers off Blanco to follow the path into San Francisco.

FOUL GROUND.

The water off Blanco is known in marine parlance as "foul ground," and is considered by mariners one of the most dangerous stretches on the Pacific Coast. It has been the scene of many narrow escapes in the past, and mariners fear that with the completion of the Panama Canal and the consequent increase in traffic, the place will become the scene of even more disasters unless additional precautions are taken to prevent.

Although there is already a light on Cape Blanco, mariners here believe that owing to the importance of the point a steam lightship should be placed at the outer edge of the reef as a further safeguard.

HAVEMEYER TO RETIRE FROM SUGAR TRUST

NEW YORK, Nov. 17.—The sugar trade was not particularly surprised yesterday when it learned that Horace Havemeyer had resigned from the directorate of the American Sugar Refining company and would also cease to act as head of that corporation's sales department.

Mr. Havemeyer, who has been in the sugar business since 1870, is understood to have desired the final withdrawal of the Havemeyer family from active direction in the corporation. Havemeyer's resignation is taken as the last act in the passing of the old control.

WHEELING, W. Va., Nov. 17.—

There will be no preliminary hearing for Mrs. Laura Schenk, who is in jail charged with having administered poison to her millionaire husband John O. Schenk. Announcement was made today that her case would be presented to the special grand jury tomorrow.

GRAND JURY TO PROBE POISONING OF SCHENK

HELPS YOU NOW TO CURE A COLD

Surely Breaks the Most Severe Cold and Ends Grippe Misery in Just a Few Hours.

The most effective and harmless way to cure the Grippe or break a severe cold, either in the head, chest, back, stomach or limbs, is a dose of Pape's Cold Compound every two hours until three consecutive doses are taken. You will distinctly feel the cold breaking and all grippe symptoms going after the very first dose. It promptly relieves the most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, soreness, stiffness and rheumatic aching.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

After three years' research we have conclusively demonstrated that quinine is not effective in the treatment of colds or grippe.

WRECK SURVIVORS FACE STARVATION

All Efforts to Rescue Storm-Bound Portland Passengers Fail.

CORVOVA, Alaska, Nov. 17.—Communication with the eighty-three survivors of the wrecked steamship Portland is still cut off. The last message received before the telephone line went down was an appeal for more fuel, but before explanation of the urgency of the situation could be made the line broke and the condition of the storm-bound refugees is unknown. It will be at least four days before relief can reach them. The streams across the Copper river are not yet frozen and it is impossible to send supplies and aid by means of dog trails. The terrible storm that is raging prevents the use of launches.

FORCED TO TURN BACK.

The steamship Alameda, which attempted a rescue of the marooned passengers, was forced to turn back by the storm and is now at Valdez. The Alameda will make another attempt Saturday morning. The coast guard vessel Albatross, which was sent to the rescue of the steamship Northwestern, which is due here Tuesday, will lay off Katala until the storm abates.

The revenue cutter Rush is now en route from Juneau to Sitka. If the Alameda fails to effect a rescue of the stranded people Saturday the Rush will be sent from Sitka and will aid the Alameda in the attempt to take off the survivors. Few people live at Katala and the principal cause for alarm concerning the stranded survivors is that the stranded food supply will become exhausted, increasing the hardships of the storm-bound people.

The latest reports received from the wreck of the Portland are that the old wooden vessel is rapidly going to pieces under the terrific lashing of the wind and large quantities of wreckage are drifting ashore.

AUTO RUNS AMUCK; FIVE WOMEN INJURED

RALEIGH, N. C., Nov. 17.—At an automobile and aviation meet here yesterday an automobile containing Mr. and Mrs. H. D. Wolcott of Raleigh, while driving, broke through the race track fence and ran into a crowd of spectators, injuring five women.

Aviators McCurdy and Elv gave successful flights. In the night McCurdy, in order to avoid running into a fence crowded with people, wrecked his machine to the right while it was running on the ground and damaged the lower left panel, putting it temporarily out of commission.

THANKSGIVING EXCURSION RATES.

Commencing November 23 and all excursion tickets will be sold from all points in California to Southern Pacific lines at one fare and one-third for the round trip where the one-way rate will not exceed \$10, final return limit November 28. For further information see Southern Pacific Co., Broadway and Thirteenth streets, Oakland, or agents.

CLUBMAN IS SUICIDE

KANSAS CITY, Mo., Nov. 17.—J. Edgar Ward, clubman and formerly manager of a paint and glass company here, committed suicide yesterday. His health caused the deed. Before shooting himself he wrote a letter to his mother and a brother, William, of Seattle, Wash. In the letter to his brother Ward said he had attempted suicide last Saturday.

ANSWERS EVERY CALL

Oakland People Have Found That This Is True.

A cold, a strain, a sudden writher. A little cause may hurt the kidneys. Spells of headache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Doan's Kidney Pills, a true specific. Thousands of people rely upon it.

Here is one case.

Mrs. J. L. Wilson, 2022 Cedar street, Berkeley, Cal., says: "My opinion of Doan's Kidney Pills, as was publicly expressed over two years ago, remains unchanged. I find that they are a valuable remedy and consequently I do not hesitate to recommend them at any time. From experience I have learned that Doan's Kidney Pills never fail or bring prompt and thorough relief from backache and kidney disorders. I was subject to attacks of kidney complaint for a long time and was caused much suffering and annoyance. Doan's Kidney Pills acted so satisfactorily that I was given unlimited confidence in them. This remedy will always have my endorsement."

For sale by all dealers. Price 50 cents. Foster-McBum Co., Buffalo, New York, Sole agents for the United States. Remember the name—Doan's—and take no other.

CLASS-A BILL AT THE BELL

'200 MILES FROM BROADWAY' TAKES

Laugh Makers Have a Merry Time With Themselves and Audience.

A clever little skit, "200 Miles From Broadway," is being presented at the Bell theater this week by Miss Emory Campbell and Aubrey Yates. It is smart, lively and up to the minute. The dialogue is crisp, the story well connected and each of the players is thoroughly at home in the characters portrayed—Dottie Dimple, a good-natured soubrette, and Sam Higgins, a gem from the New York racetrack.

Pistel and Cushing are big laugh-makers in an old-time minstrel after-piece that reminds one of the big vaudeville hits made by McIntyre and Heath in their hey-day. It's a veritable scream every minute these two fellows occupy the stage.

PANTOMIME EXCELS.

The entrance of Bush and Peyer, European eccentric pantomimists, although ridiculous in the extreme and provocative of much laughter, is a measure typical of their entire act. They run the gamut of absurdities and with it all introduce a number of sensational acrobatic feats on the part of their genuine thrills and surprises.

Little Johnny Bush is as cute and clever as can be for he is only a little chap, apparently not yet in his teens, is a small facsimile of Harry Lauder. He sings in a clear, ringing voice and sings about his "Bonnie Lassie" and tells a story or two in his boyish way with a full measure of the Englishman's wit. While all the while he claps and fondles a bright corn-cob

One of the minstrel team of PISTEL & CUSHING at the Bell Theater.

pipe that has never known match or tobacco. Prince Youturkey of Japan is an equilibrist of no mean ability and contributes much of the fun in a slack-wire performance and finishes his number with a thrilling slide down rope stretched from gallery to stage. New motion pictures are shown and admired very much.

NEWS OF THE OIL FIELDS

NEW MIDWAY WELL STILL FLOWING OVER DERRICK

Premier Company's Strike Shows Signs of Choking and Sanding; Other News of Oil Fields

BAKERSFIELD, Nov. 17.—The Midway Premier Oil Company's big well on section 5, 32-23 showed signs of sanding and choking up yesterday. It is still flowing 100 feet over the top of the derrick. This was the statement of Harry W. Thomas, secretary of the company, upon his return from the field today. Thomas says the well is now making 25,000 barrels daily.

It seemed to be making more gas and sand yesterday than the day before and occasionally a few bubbles were shown, but they are not so frequent as on the first day.

Yesterday the situation as to handling the oil was so far improved that the company laid off 30 men who had been digging ditches and securing pump holes. The oil from the gusher rains down on the sloping ground, drains into a gulch, and runs away through a culvert beneath the railroad track into temporary reservoirs.

Pump lines are being laid out to McLeod's reservoir and to Midway five tanks. The Standard's pipe line takes the oil from the tanks.

WELL INCREASES OUTPUT.

Well No. 8 of the Fresno-San Francisco Oil Company, on section 11, 20-14, which has been on the beam for some time, is now making a production of more than 100 barrels of 36 gravity oil per day. The well started out with a production of less than 75 barrels and has steadily increased its output. The management looks for the well to continue to add to its production to a very considerable extent before the maximum has been reached.

At the Little Jumbo property, just outside the limits of Coalinga on the West Side a force of men under the direction of Contractor Shreve are engaged in the work of securing the spear that

was lost in the hole several months ago. To date upward of 200 pieces of steel of all sizes have been taken from the hole. It looks now as though the well will be saved.

The Coalinga Kettleman Oil Company, operating on section 1, 22-17, has only about 400 feet more of drilling before reaching what is expected to be a good oil-bearing stratum. The well is now 1,400 feet deep, with the 10-inch casing.

This territory is being watched with keen interest, as but little development work has been done here.

W. A. Graham has new derricks completed on section 18, 22-18, and will soon have two strings of tools in operation on this ground.

NEW RIG STARTED.

The Inca Oil Company has started operations with a new rig on its property on section 24, 20-14.

As compared with the showing made by the other San Joaquin valley oil fields the production of the Coalinga field during the month of October was creditable.

While the Sunset and Midway fields fall off in the output for October, as against the present month, by about 60,000 barrels, the Coalinga field in October exceeded its September output by 100,000 barrels. This showing was made in spite of the fact that the general conditions in the field were not nearly as satisfactory as during the previous month.

The report for October shows a lesser number of producing wells, only about one-half the number of new rigs built, and besides falls of work suspended on 50 new rigs. The increase in production in October over the previous month was made up with 35 fewer producing wells, and altogether, especially with the general conditions taken into consideration, a good record was made.

CANNIBALISM IS STILL PREVALENT

Australians Seek Hiding Places to Eat Human Flesh.

SEATTLE, Nov. 17.—Discussing the cannibalism of the natives of the North Pacific, who found in the Solomon Islands cannibals of the bodies of Baron von Norbek, the Australian scientist, and his companion, eaten by cannibals. Davis Paul of this city, who has visited all parts of Australia, said today that cannibalism was still widely prevalent in the South Seas.

Since the Germans, French and English have annexed various groups and forbidden cannibalism the Anthropologists are obliged to be more cunning," he said, "and when they feast on human flesh they retire to the mountains and leave no trace of the banquet."

Steals are cut from the fleshy portions of the body, and the steaks are inclosed in hollowed stones and roasted on coals. The arms and legs are stewed in pots. The hands and feet are cut off and thrown away, and the head formerly was suspended from a tree as a decoration.

Paul arrived at a feasting ground in New Guinea a short time after the meal had been concluded, and found the bones of the arrayed forelegs, legs and thighs of four natives picked clear.

The natives prefer whites as food and do not eat human flesh as a religious rite, but because they consider it a delicacy.

JUMPED INTO ICY

RIVER TO PAY BET

NEW YORK, Nov. 17.—In the cold gray dawn of the early morning—it was about the coldest morning this fall—John Gear, who thought Henry L. Stimson would be elected governor of New York, took off his clothes, put on a bathing suit, and jumped into the East river today.

With a row boat following closely behind him, he swam across the river to Bardell's island, thereby carrying out the provisions of an election bet.

JEWIS WILL JOIN WITH CHRISTIANS

Three Congregations to Unite This Winter in Religious Service.

NEW YORK, Nov. 17.—Three congregations of Jews and Christians here will this winter unite in a religious service. The Free Synagogue, of which the Rev. Dr. Stephen S. Wise is rabbi; the Unitarian Church of the Messiah, of which the Hon. John Haynes Holmes is minister; and the Universalist Church of the Divine Fraternity, of which the Rev. Dr. Frank Oliver Hall is pastor, will begin next Sunday night to hold union services each Sunday evening of the winter.

From now until January 1, the services will be held in the Church of the Divine Fraternity. During January they will be in the Church of the Messiah. After that the meeting place will be under the auspices of the Jewish Congregation.

The three pastors, having completed the details and agreed on a platform, feel they have taken a big step to help unite the Jewish and Christian communities.

The idea of the meetings is to interpret broadly the social aspects of the religion and to show that Jews and Christians can worship together. The speakers will preach only occasionally themselves; the speakers generally being laymen chosen irrespective of race or creed. The speaker next Sunday will be Judge B. F. Lindsay of Denver.

POSTAL BANKS TO PAY

ALL INTEREST YEARLY

WASHINGTON, Nov. 17.—Interest on deposits in postal savings bank will be paid only once a year. The board of trustees decided today that interpretation of the law is a conference yesterday. Interest will be computed only from the first day of the month following the day of deposit and interest on an original deposit will not be paid until five or twelve months have elapsed.

Poslam Makes Quick Work of Eruptions and All Surface Skin Troubles.

By taking a small part of the skin affected with pimples, rash blotches, etc., or which is unduly inflamed, itching or chafing, and applying there to only a small quantity of poslam, an immediate demonstration may be had of the remarkable properties of this new healing agent, and enough poslam for the purpose will be mailed free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City. Spots so treated are cleared at 1 healed in 24 hours.

Poslam puts a stop to itching as soon as applied, and its readiness in healing these small surfaces is but an indication of its rapid action in the cure of all posmas, acne, herpes, tetan, piles, badness, and all other forms of itchy, weedy scalp; in short, every surface skin affection.

Poslam is sold in two sizes (trial, 50 cents; regular jars, \$2) by all druggists, particularly The Owl Drug Co.

WOMAN COMPOSER PLANS BIG PROGRAM

Mme. Lehmann and Her Quartet to Be at Ye Liberty Tomorrow Afternoon.

Mme. Lisa Lehmann, the great woman composer, makes her debut bow to Oakland audiences at Ye Liberty Playhouse tomorrow afternoon, assisted by her singing quartette of English vocalists. Mme. Lehmann is well known as the foremost of our woman composers, and there is an added fascination to her work when it is considered that she is a brilliant her compositions on the words of well known poets. Her most notable achievement, perhaps, is in a clear singing baritone, which most of her fame, is her song cycle "In a Persian Garden," with which she will open her entertainment tomorrow afternoon.

"In a Persian Garden" is founded on the well known "Rubaiyat of Omar Khayyam" and the Persian poem is set with peculiarly entrancing Persian music. The familiar quatrain, "Wake, for the Sun Has Scattered Into Flight," opens the cycle, rendered by the quartette, and in turn twenty-two of the quatrains are treated in a musical way. It is said to be wonderfully attractive as presented by Mme. Lehmann, and to contain much educationally valuable musical arrangement. The quartette, so a rare treat that they are given as soprano, soprano, bass and baritone solo, trios, duets and quartets, and Mme. Lehmann plays a superb accompaniment to the piano.

SONGS BY QUARTETTE.

The second part of the program contains works by Mme. Lehmann, rendered by her singers as soloists. The contralto, Miss Palgrave-Turner, sings "Abou Ben Adhem and the Angel," "Mr. Elsie's Song," "Five Little Love Songs," "Mr. Julian Henry," in a clear singing baritone, will render Browning's famous poem "The Soldier of a French Camp" with Mme. Lehmann's music, and Miss Blanche Tomlin sings two pretty ballads called "Good and Song" and "Everybody's Secret."

The entertainment closes with Mme. Lehmann's beautiful and fascinating little song cycle of the "Nonsense Songs" from Lewis Carroll's "Alice in Wonderland." Who does not remember "How Doth the Little Crocodile," "You Are Old, Father William," "Mock Turtle Soup," "The Queen of Hearts" and the other well-beloved nursery rhymes.

ELLERY MAKES WARM REPLY TO COMMISSION

SACRAMENTO, Nov. 17.—State Engineer John Ellery yesterday made a hot rejoinder to the State Water Commission in reply to the charges of inefficiency and wasting of money in the engineer's office made by the commission.

The board not only cored Ellery, but went further and objected to Governor Gillett's measure which consolidated the engineering and architectural departments, declaring they would insist upon a repeal of this measure.

Ellery was not present when the commission met. He declares the commission did not dare tackle him when he was present. He declares he is ready to fight them in a body or single-handed, and promises to make some disclosures that will be interesting. He says he is going right to work on his report and he promises it will be "a real hot one" and in favor of cutting off entirely the board of managers of the water and have a central board of control in their stead.

CHINESE AND JAPANESE ILL FEELING CONTINUES

VICTORIA, B. C., Nov. 17.—The ill-feeling between Chinese and Japanese in Manchuria continues. At Chientao, on the Korean border, thirty Chinese police recently arrested a number of Japanese who were carousing in an inn, firing upon them and several Japanese were wounded. Chinese police at Tonkin attacked a Japanese postman and took his mail from him.

The Japanese consul-general at Mukden, who has been in correspondence with the Chinese authorities over previous incidents, reports that the Chinese viceroy has refused an answer to his communications.

Trial Package Free

Quickly Cures
Piles At Home

Instant Relief, Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

Many cases of piles have been cured by a trial package of Pile Cure without further treatment. When it is the value to you, get more from your druggist at 10 cents a box, and be sure you get what you ask for. Simply send your name and address to the Pyramid Drug Company, 270 Pyramid Bldg., Marshall, Mich. Trial package in plain wrapper.

Create your own music

The Pianola Piano music's open door

The PIANOLA Piano owes its rapid growth of popularity to two facts:

First, it satisfies the cravings for music that is inherent in human nature.

Second, it provides the fascination of personally producing the music.

When you play the PIANOLA Piano, you enjoy not only the melody and harmony, but the even greater charm of putting into the performance your own individuality and taste.

Yours is the touch that creates the strains, yours the zest of the melody.

IS CHASED ACROSS ENTIRE CONTINENT

Seattle Embezzler of \$54,700 Is Caught in West Virginia.

NORFOLK, Va., Nov. 17.—After being chased for thirty days across the entire continent with many large cities of the heels, touching many large cities of the far and middle west, the south and then the east, Joseph Gardner was arrested here tonight charged with having absconded from his home in Seattle, Wash., leaving behind him checks and debts amounting to \$54,700.

He was arrested when en route to New York by Detective Dan Leon of New Orleans, who has been following Gardner through many states.

Gardner has been in Norfolk for the last three days, coming here from Wilmington, N. C. He was registered at a hotel as M. Cohen.

Gardner is a former president of the Consolidated Chile Company of Seattle and is said to have had strong connections up to the time he left Washington in October. His father-in-law, Louis Schoenfeld, is said to be a millionaire.

Gardner is 27 years old and has a wife and one child in Seattle. He had planned to sail for Brazil and was going to New York to engage passage.

The Value of Proprietary Medicines.

is proven by the very large percentage of physicians' prescriptions for same remedies found in every drug store in America, but as they are written in Latin, few patients realize this fact.

The old standard proprietary medicines like Lydia E. Pinkham's Vegetable Compound, that have stood the test of time, deserve a place in every family medicine chest, and it is most certain they would not be prescribed by physicians if they were able to devise a formula equally as efficacious.

The Wizardry Of Saving

A celebrated poet wrote a poem on "The Wizardry of Wine," and the world said it was great. It was the words made it so—not the wizardry or the wine.

Who can estimate the wizardry of savings? Thousands of people; perhaps not in words, but in sterling worth.

The elevating influence of the wizardry of savings is beyond estimating. Try it.

We add 4% interest—that's not legerdemain; it's real.

FEDERATED CLUBS TO MEET AT CHABOT

The regular monthly meeting of the Federated Improvement Clubs of Alameda county will be held at assembly hall, Chabot Observatory, Elvert and Grove streets, at 8 o'clock a. m.

Carl N. Abbott, assistant district attorney, representing the city council, will be present and explain the present status of the water litigation now pending between the Peoples Water Company and the city of Oakland.

Marsden Mansing, city engineer of San Francisco, will explain the Hetch Hetchy water proposition and the Garfield permit.

LABOR LEADER IS DEAD FOLLOWING ASSAULT

BOSTON, Mass., Nov. 17.—Robert Room, a prominent labor leader and former president of the Scottish Clans of Boston, is dead at a hospital here, as the result, the police say, of an assault committed upon him at a meeting of the Lathers' Union.

Room fell over backward upon being struck, his skull being fractured in hitting the floor. No arrest has been made in the case thus far. Room was formerly president and secretary of the Lathers' Union. He was 52 years old.

Healthy Mothers

The bearing of children is frequently followed by poor health for the mother. This supreme crisis of life finding her physical system unprepared for the demands of nature, leaves her with weakened resistive powers and sometimes chronic ailments. This can be avoided if Mother's Friend is used before the coming of baby, and the healthy woman can remain a healthy mother. It is the only remedy that perfectly and thoroughly prepares the system for healthy motherhood, and brings about a natural, easy consummation of the term. Women who use Mother's Friend are always saved much suffering when the little one arrives, and recover more quickly, and with no ill effects, or chronic troubles. Every expectant mother should safeguard her health by using Mother's Friend, thus preparing her physical condition for the hour of motherhood. This medicine is for sale at drug stores. Write for free book for expectant mothers.

BOSE SLAYER GIVEN NEW TRIAL

John W. Wilson May Escape
Serving Life Term in
San Quentin.

Murder of Young Electrician
Was the Sensation of
Last Year.

SAN FRANCISCO, Nov. 17.—John W. Wilson, convicted of the murder of Henry Bose, and sentenced in September of last year to life imprisonment at San Quentin by Superior Judge Dunne, was granted a new trial by the District Court of Appeal this morning. The opinion is written by Justice Hall and concurred in by Justices Cooper and Kerrigan. It decrees that the judgment and order of the lower court be reversed and the defendant remanded for a new trial.

The killing of Bose and the subsequent conviction of Wilson solely on the testimony of handwriting experts formed one of the most sensational of last year's murder cases. Henry Bose was a young electrician, with offices in Third and Mission streets. John W. Wilson was his trusted agent and salesman.

GIVEN POISON POWDER.

Bose had been suffering for some time with stomach trouble, and had tried many and varied remedies in an effort to regain his health. One morning some powder done in paper and evidently wrapped by an amateur, came through the mail accompanied by a partly inclosed note advising the recipient to use them and he would "have no more pain."

The unfortunate man complied with the request and he needed no further medicine. Despite all that the physicians could do he died a few short hours after taking the powder, which was in reality deadly poison.

Wilson was arrested almost immediately, suspicion being cast upon him because of the finding of papers similar to that in which the deadly drug had been wrapped in his room and because of the startling similarity between his handwriting and that contained in the death-bearing letter.

Superior Judge Dunne frequently delayed the order sending Wilson to prison to enable him to perfect his appeal. General papers of prominence, including his innocence, took up the fight for him and today's decision of the higher court will be a great boon to his hopes of ultimate release.

LAWYER GRILLED BY MRS. MARTIN

The Alleged Dynamiter Cross-Examines H. K. James and Expresses Opinions.

Attorney Howard K. James of Alameda was under the spell of Isabella J. Martin's vitriolic wrath for a short time this forenoon, at the trial of the woman in Judge William S. Wells' department of the Superior Court, and the incident was the sensation of the day.

The lawyer was called to the witness stand by the prosecution to relate a conversation he had with Mrs. Martin in the law library of the courthouse in the fall of 1905 when, he told the jury, Mrs. Martin said:

"I'm not through with Judge Ogden yet. When I get through with the Westchester fire insurance case I'll get him," or words to that effect.

Assistant District Attorney H. K. James turned the witness over to Mrs. Martin for cross-examination, and she sailed in on him with all her latent force and viciousness. Repeatedly she pounded the table in her passion and accused him of "coming into court with a pack of lies," "slandering" him, "lying," and "cheating."

"I want to go in the record here and now," indignantly declared Mrs. Martin, "that Judge Frick conducted my first trial in an able and satisfactory manner. I paid him only a nominal fee for his work and I don't intend that a man if it is witness's stamp shall cast aspersions upon his professional conduct if I can help it."

Mrs. Martin also declared that on one night she chided James of her premises and charged that he said to her else the beginning of the present trial that he wondered she had any money left, and "after getting through with Frick."

"I want to go in the record here and now," indignantly declared Mrs. Martin, "that Judge Frick conducted my first trial in an able and satisfactory manner. I paid him only a nominal fee for his work and I don't intend that a man if it is witness's stamp shall cast aspersions upon his professional conduct if I can help it."

Judge Wells repeatedly tried to switch Mrs. Martin back upon proper lines of cross-examination, but she refused to be silenced until she had had her full say, and she then charged James with "cheating," "slandering," and "lying."

Attorney James was accused by the prisoner of trying to get into the defense of her case at the beginning of the trial, against her wishes, but the witness declared that this was not a fact.

INDULGE IN REPARTEE.

"I would not try this case for me for a million dollars a minute," Mrs. Martin said. "You know it. You asked me to take charge of your husband's corpse, and I did it in the appellate court for a fee of \$200, and I turned you down."

Throwing an insulting glance in the direction of the jury box, Mrs. Martin said:

"He comes pretty high, doesn't he?" Policeman Caldwell was on the stand today and identified the fuse that exploded on Judge Ogden's premises after the explosion.

JURY BRIBING CHARGE
WILL NOT BE QUASHED

CHICAGO, Nov. 16.—Charles E. Erstein, counsel for Leo O'Neill Brown, a tempted unsuccessfully before the grand jury committee of the Chicago Bar Association to withdraw the charges of jury bribing which he made recently against State's Attorney Wayman.

BRICKLAYERS END EIGHTH ANNUAL CONVENTION

Following the are officials and delegates to the Eighth Annual Convention of the California State Conference of Bricklayers' and Masons' International Union of America:

No. 1, M. T. Doyle, Stockton; 2, Arthur Howard, Point Richmond; 3, T. W. Ryan, Oakland, Secretary and Treasurer; 4, E. J. Greenwood, Los Angeles, President; 5, G. D. Simms, Sacramento, retiring First Vice-President; 6, G. Germaine, Santa Cruz; 7, C. E. Sloan, Oakland; 8, F. C. Hammill, San Francisco, Secretary and Business Agent; 9, C. H. Prefontaine, Oakland, President; 10, George B. Best, Sacramento; 11, John Norwood, Los Angeles; 12, M. J. O'Donnell, San Francisco; 13, W. H. Howell, Modesto; 14, C. D. Shaw, Pasadena, First Vice-President; 15, Ralph Pidgeon, Oakland; 16, Ralph Irwin, Fresno; 17, George Keely, San Francisco; 18, H. Bobbitt, Los Angeles; 19, D. O'Donn, San Francisco; 20, D. Bartells, San Francisco; 21, William McDonald, Oakland; 22, Richard Hopkin, San Francisco; 23, H. Lynch, Sacramento; 24, Frank Gordon, San Diego; 25, Ed. Hudson, Bakersfield, Second Vice-President; 26, Richard Wilson, Los Angeles; 27, George Sharp, Oakland, Sergeant-at-Arms; 28, Thomas Stark, San Francisco; 29, D. W. Davis, Oakland; 30, George Conley, Point Richmond.

After one of the most successful gatherings which has been held for a number of years, the eighth annual convention of the California State Conference of Bricklayers' and Masons' International Union of America came to a close in California hall in Clay street last night with the passing of a resolution commending the committee of arrangements headed by William McDonald of Local No. 8 for the manner in which they had entertained the thirty delegates present from the various locals in different parts of the state.

The conference opened last Monday morning at 9 o'clock with an address of welcome by Chairman McDonald. During the three days of the session a number of features in the line of entertainment were provided by the committee, among them being an auto ride Monday afternoon and evening down the boulevard to Hayward and surrounding country. In the party were fifty members of the organization and their guests for the occasion. Tuesday evening was devoted to a theater party at the Orpheum, followed by an informal supper at a downtown cafe. Wednesday evening was given over to an elaborate banquet, which was served in the convention hall and at which several city and county officials were invited. Sheriff Frank Barnett and

Councilman R. C. Vose were among those who spoke. At this time a testimonial in the shape of a diamond stud was presented to G. D. Simms of Sacramento, the retiring first vice-president, at the conclusion of a speech by President Greenwood.

Following the banquet music and songs concluded the evening, during which time a boxing contest between several well-matched members was featured. During the conference several matters of importance to the organization came up for discussion, though very little of outside importance. The by-laws were revised and amended. The national body, and a new set of officers

was elected for the ensuing year, as follows: President, E. J. Greenwood of Los Angeles, first vice-president, C. D. Shaw of Pasadena, second vice-president, Ed. Hudson of Bakersfield, secretary and treasurer, T. W. Ryan of Oakland, secretary-business agent, F. C. Hammill of San Francisco.

T. W. Ryan, who was re-elected to the position of secretary and treasurer, takes the office for the third term. Besides being an official of Local No. 8, he is a city building inspector.

The conference adjourned to meet the second Monday in November, 1911, in Fresno following a spirited contest between delegates from that city and those from Modesto and Bakersfield.

Determined to cure his daughter, Mrs. Mary De Freitas, of alleged infatuation for Francis Gargillo, whom he accuses of being an adventurer who has been taking upon the young woman's affections, Anton Fernandez caused the arrest of the young woman on a charge of having been left by her home early this month to join Gargillo. Her arraignment before Judge Smith this morning lured Gargillo to the police court, and he was captured by Detective William Smith, who found him hiding in a dark corner of the room.

Gargillo is being held by the police pending an investigation of the charges against him by Assistant District Attorney Fernandez. The young woman, who he is alleged to have made a dupa and a decoy. Young Fernandez alleges that Gargillo has been mixed up in shady deals in several cities in the United States, and makes the specific charge that he stole a watch and chain, valued at \$175, from M. B. Baltho, a friend of young Fernandez. It is the investigation of this case that may lead to a formal charge being placed against Gargillo.

PLEADS NOT GUILTY.

Mrs. De Freitas pleaded not guilty this morning to the charges placed against her by her father, and was represented by Attorney Clarence Reed. The case was put over to November 22. Attorney Reed declares that the money taken belonged to Mrs. De Freitas, as she had contributed it to the support of her father while working for her own living in Oakland.

That Gargillo is the head of a gang of men who make a practice of theft, and that he made love to Mrs. De Freitas for the purpose of making her a member of the gang to use her attractions in deceiving victims into his clutches, is the declaration made by young Fernandez. He tells how his sister was married to a young business man in the Philippines, but left him two years ago to come on a visit to her family in Oakland. Here she met Gargillo, who induced her, according to the brother, to remain in while instead of returning to her husband and succeeded in alienating her affections. He then, says Fernandez, induced her to steal the money from her father when he led her to leave her home November.

Both brother and father declare that their charge against the young woman is lodged to bring about a breach between her and Gargillo. The young woman was arrested in San Francisco last evening after having been sought for two weeks by the detectives. When Gargillo learned of her arrest he fled her to the police station and was captured in court this morning. Now that her admirer is in the toils, it is possible that the case will be dropped against Mrs. De Freitas.

Burglars forced a rear door to the residence of J. E. Whitehead of 1027 Union street last night and ransacked the place, overturning bureau drawers upon the floor and breaking open desks and cabinets. Jewelry, including several rings, and valued at \$25, were taken by the thieves. No clue to their identity has been discovered by the police.

The impulse of charity led G. W. Field of 1070 Jefferson street to give an unknown mendicant a meal and a lodging for the night. The man, and disappeared this morning, and with him was a long black crook, the property of his host, and valued at \$20. The loss was reported to the police this morning. Other thefts reported were as follows:

Miss Kate Breen of 724 Seventeenth street, a black tuxedo, property of a lodger, valued at \$10, John Claid's of 1115 Atlantic street, endorsed check for \$55.50; W. V. Vollmar of 1183 Regent street, Alameda, lady's gold watch and chain taken by pickpockets on Oakland ferry, and Mrs. N. G. Potter of 695 Fiftieth street, gold nugget pin and other jewelry, valued at \$10.

NEW YORK, Nov. 17.—Drowned in his own developing tank last night for three days the swollen body of August Obermuller, an aged photographer, was found late last night in a rear room behind the studio he had occupied for thirty years. The tank was four feet deep and about three feet square. It stood on a platform so close to the ceiling that firemen had to be called before the body could be freed. It would have been difficult for a man to crawl into it, but possible, and the police believe the case was one of suicide.

SEATTLE Nov. 17.—That the wearing of furs is gone out of fashion is proven by William J. Perkins, manager of the Northern Commercial Company as the reason for the astounding fall in prices of raw furs, which affects all classes of skins, from sables to muskrat, ermine being the only important one that did not fall in price.

Alaska produces three-fourths of the world's expensive furs, but the price is falling in London. Mr. Perkins' company, with 94 skins, had a corner on the silver tip fur market, but was obliged to sell at half of last year's prices, which ranged from \$400 to \$100 a skin.

Muskat skins, used in counterfeiting seal skins, have fallen 20 per cent because seal skins are less fashionable and in less demand.

Manager of Company Comments on Remarkable Fall in Raw Goods Prices.

Alaska produces three-fourths of the world's expensive furs, but the price is falling in London. Mr. Perkins' company, with 94 skins, had a corner on the silver tip fur market, but was obliged to sell at half of last year's prices, which ranged from \$400 to \$100 a skin.

Muskat skins, used in counterfeiting seal skins, have fallen 20 per cent because seal skins are less fashionable and in less demand.

NEW YORK, Nov. 17.—Drowned in his own developing tank last night for three days the swollen body of August Obermuller, an aged photographer, was found late last night in a rear room behind the studio he had occupied for thirty years. The tank was four feet deep and about three feet square. It stood on a platform so close to the ceiling that firemen had to be called before the body could be freed. It would have been difficult for a man to crawl into it, but possible, and the police believe the case was one of suicide.

SEATTLE Nov. 17.—That the wearing of furs is gone out of fashion is proven by William J. Perkins, manager of the Northern Commercial Company as the reason for the astounding fall in prices of raw furs, which affects all classes of skins, from sables to muskrat, ermine being the only important one that did not fall in price.

BIDS AWARDED BY THE SCHOOL BOARD

Work On Washington School to Be Done by Many Sub-Contractors.

ALAMEDA, Nov. 17.—The board of education decided to segregate the work on the construction of the Washington school, and last night awarded the contracts for the work as follows:

Subdivisions, including brickwork and painting, were let to Klenck & Mader for \$20,565; subdivision, including carpenter work, vacuum cleaning plant and electrical work, was let to Powell Bros. Construction company for \$26,157; and subdivision, including all plumbing, was let to M. H. Owens for \$4090. Subdivision No. 5 was not let, owing to the fact that the board of education has not had time to consider the merits of the different heating systems offered.

In making the award, it was necessary to add the cost of the heating and ventilating plant to the figures on the other work, which made the lowest combination, \$64,091. This being \$7000 beyond the amount provided, the board decided upon the segregation.

A communication was received by the board of education from Dr. W. O. Smith last evening stating that the Alameda County Tuberculosis society would provide lectures on tuberculosis for the school children of the city if the board so desired. On motion of School Director Dr. W. T. Lum, it was agreed to allow the lectures to be given.

The board of education decided upon the purchase of a multigraph for the commercial department of the high school. The multigraph will be purchased at a cost of \$350.

Hygiene instructor Samuel Downing reported that he had examined 221 school children for defects during October, and that 99 of these cases showed poor physical condition. This number was recommended to parents for medical attention. Downing stated that 80 parents had responded and had already had the child in question examined by a physician.

Downing reported that the plans for the parents' conference were maturing.

STOCKTON TO WAR ON ALL TRAMPS

Will Break Up Their Camps and Open a Useful Rock Pile.

STOCKTON, Nov. 17.—A dragnet crusade against tramps and beggars which have been overrunning this city during the past few days was commenced by the police this morning. Camps will be broken up and every questionable character ordered out of the city.

This stringent measure has become necessary owing to the large number of petty robberies committed in the northern residence district during the past few nights. In this time fully twenty-five homes have been entered and foodstuffs and articles of minor value have been stolen in large quantities. On the business streets beggars have also become very plentiful and many have accosted several times during the day by aims seekers.

IMPROVEMENT CLUB HAS CELEBRATION

FRUITVALE, Nov. 17.—The members of the Central Improvement Club of Alameda held an impromptu celebration last night in the Alameda hall, at which they praised the members of the city council for the action they have taken in regard to installing the sewer throughout the upper part of the city. This sewer question has been a point that has been worrying the people of Alameda for more than a year, and the action of the council was a welcome one.

A permanent committee was appointed at the meeting to look after the installation of the sewer. The appointed committee is as follows: Mr. Hugh Baker, Mr. C. Clark, Edward Hensley and W. E. Sansome. This committee will have its permanent headquarters in the office of Sansome in East Fourteenth street and Tenth avenue.

FARCE COMEDY IS CLEVERLY PRESENTED

FRUITVALE, Nov. 17.—The farce comedy, "If Washington Should Come to Life," was presented last evening by the members of the exclusive Lom's Viennese club of Upper Fruitvale. Glee enacted both female and male roles. The greatest prize of the evening was awarded Miss Grace Jamison for her presentation of the part of George Washington. While Miss Frances McKeehan made a typical New York broker. Others in the cast were Miss Alva Forbes, Miss Irene McCoy, Miss Alice Assen, Miss Jennie Wallace, Miss Louise Johnson, Miss Mary Wallace and Miss Rita Gilbert. This is the first attempt of the club in the dramatic line and their show was voted a great success.

Regulate the bowels when the fail to move properly. HILBINE is an admirable bowel regulator. It keeps the liver and stomach and restores a fine feeling of strength and buoyance. Price 10c. Sold by Wilmart's Drug Store 10th and Washington Sts.

They make good wine in California. GIERSEBERGER is one of them.

IMPORTANT NOTICE

THE NORTH AMERICAN HOSPITAL ASSOCIATION hereby warns its members that certain former employees of the said NORTH AMERICAN HOSPITAL ASSOCIATION are making untrue statements derogatory to the said Association for the purpose of enticing membership into certain other Hospital Associations which they now represent.

The reputation of the NORTH AMERICAN HOSPITAL ASSOCIATION is too well established to require it to be on the defensive in the matter of these slanderous reports, but asks of those whose membership is solicited by the said former employees to carefully investigate, among other things, the financial standing of the Hospital Associations of which they are asked to become a member.

THE NORTH AMERICAN HOSPITAL ASSOCIATION sends forth this warning as it deems itself in duty bound to fully protect its members.

Dated this 17th day of November, 1910.

Some of Those at Work to Make the Oakland Doll Show Success.

REDUCED UPPER BERTH TOLL COMING, IS CLAIM

Students of Railroad Conditions Declare That Reform of the Abuse Is Already in Sight

WASHINGTON, Nov. 17.—Reform of sleeping car abuses by a governmental requirement that a less toll shall be exacted for an upper berth than for a lower is expected by students of railroad problems in the current outpouring of proceedings now under way before the Interstate Commerce Commission.

Already the first federal move in that direction has been made by such a large order by the commission on sleeping car service between Chicago

and St. Paul and St. Paul and Seattle and other points.

The sleeping car companies, under a decision of Judge Grosscup, enjoined the enforcement of it. The three cases of *Lofgren v. the Pullman Company*, involving this question along with the separate cases of the states of Indiana, Oklahoma, Kansas and Arkansas against the Pullman Company, involving the same principles, will be heard by the Interstate Commerce Commission later and Clark at Chicago on November 30.

SCHAEFFER AGAIN APPOINTED COACH

The Executive Committee Re-Engages Former University Athlete.

UNIVERSITY OF CALIFORNIA, Nov. 17.—At a regular meeting of the executive committee held last evening James G. Schaeffer was re-appointed to coach California's football team during the fall of 1911. This action was taken upon the recommendation of Graduate Manager T. J. Farmer of the Associated Students.

Gold footballs were awarded to the men who played on this year's varsity team and 'S' were granted to Pearl Wheeler, Evans and Dills. All those who played during the year were given 'S' members of the freshman football team were voted their numerals.

It was decided to submit the question of re-establishing boating as an intercollegiate sport to the Associated Students at their next meeting.

The resignation of J. D. Harrison as varsity coach was accepted and J. E. Johnson was appointed as his successor.

FIREBUGS ATTEMPT DESTRUCTION OF BARN

STOCKTON, Nov. 17.—An attempt was made by a firebug to burn the barn of A. T. Weyland of this city last night. Mr. Weyland recovered the blaze shortly after it started and extinguished it with a garden hose.

Investigation revealed that coal oil had been poured on the building and soaked saturated with oil were found piled against the sides. Two other barns were burned recently under suspicious circumstances and the police believe all of the fires were commenced by the same man.

MUNICIPAL LEAGUE STUDIES SUFFRAGE

Pennsylvania Woman Points to Achievements of Fair Sex in Colorado.

BUFFALO, Nov. 17.—"The Operation of Woman Suffrage and Its Local Effect" was a subject which received especially close attention at the closing session of the National Municipal League in this city today. Miss Mary Wilson of Lafayette, Pa., president of the Pennsylvania Limited Suffrage League, presented a digest of data recently collected with reference to the operation of woman suffrage in Colorado.

Much of the information was obtained through letters received from many persons of prominence in civil affairs.

Of twenty-two communications from Denver there were unfavorable, three were indifferent and seventeen favorable toward woman suffrage considered upon actual accomplishments. The election of Miss H. M. Woodruff as election commissioner, the vote obtaining amendments to the constitution for the initiative, referendum and recall, and the defeat of the so-called water "franchise grab" in Denver, were attributed in Miss Wilson's report to the vote of women.

From Colorado Springs, where, according to Miss Wilson, the "municipal conscience is not highly developed either in men or women," five letters received were unfavorable and eight favorable. Several queries attributed to the work of woman suffrage in the city of Colorado Springs, where a new charter combining the powers of the city and county was adopted by the citizens of the city and county of Colorado Springs, were also mentioned.

A HOUSEHOLD MEDICINE.

To be really valuable must show equal good results from a child member of the family using it. Foley's Honey and Tar does just this. Whether for children or adults, it is the best and safest for all coughs and colds. Wilmart's Drug Store, cor. 10th and Washington Sts.

WEDS IN SECRET; SPRINGS SURPRISE

Frank W. Hally and Miss Ellen G. Gerhardt Are Married.

ALAMEDA, Nov. 17.—Frank W. Hally, a popular real estate and insurance man, sprang a surprise on his family today when an account of his marriage last evening with Miss Ellen G. Gerhardt reached them through the medium of the morning press.

"It was an elopement," said Miss Lida Hally, formerly Mrs. William Zingg. "Frank has been away from home for about two weeks. We haven't had any word from him and did not know that he was to be married. I think it was very sudden. I have never seen the bride and I have never heard him speak of her."

When the popular real estate man told Miss Gerhardt that he thought enough of her to offer her a half-interest in his name and fortune, Miss Gerhardt responded, "I'm willing."

The bargain was clinched, and without more ado the prospective bride and bridegroom repaired to the county clerk's office, where they secured a license from Deputy County Clerk Andrew E. Johnstone. Rev. Father Edward P. Dempsey of St. Mary's church performed the ceremony.

No word has been received by the bridegroom's family from the bride and her husband, who are probably on a honeymoon in parts unknown. Hally is said to have known Miss Gerhardt three weeks. None of the members of his family have ever seen the bride or heard her name.

Frank Hally was one of the trio of bachelors with Arthur Tarpey and Eugene Fabens whose celibacy was considered impure from attack. Tarpey broke a half-serious compact of bachelorhood by marrying Hope Mayne. Fabens next fell a victim to Cupid's darts, making Pearl, a sister of Senator J. Clem Bates.

"Well, made good, too," said the happy bridegroom to clerk Johnstone after the marriage ceremony last night.

DIRECTIONS AS TO CHRISTMAS MAIL

Written Instructions On Packages Require Payment of Extra Postage.

According to a recent decision of the Postmaster General at Washington, D. C., the words "Don't open till Christmas," and other similar directions are permissible upon second and third-class packages when printed upon the wrapper or upon stickers, but if such directions are written upon the package itself, a postage of one cent must be paid for each such package.

This decision was reached by a postal inquiry which had been made by postmasters throughout the country, asking what action should be made regarding these packages.

DEPARTMENT IS STRICT.

Postmaster Paul Schafer said today that the department had been very strict about these things in the past and many packages had been returned to the sender asking that additional postage be placed upon them. When the package was placed upon the return address, the postage would be delayed until the person to whom the package was addressed could be communicated with and additional postage received from them.

WHAT THE LAW SAYS.

Section 479 of the postal laws and regulations upon which this decision was made, reads as follows:

"The words 'please send out' or 'post up' or other similar directions or requests for delivery cannot be written upon the wrapper of a package of third-class matter without subjecting it to postage at first-class rates. The words 'perishable' or 'to be called for' and return requests and other directions as to delivery, forwarding, or return are deemed part of the address, and permissible."

YOUNG TIGER CUB IS CAUGHT IN A TEMPLE

NEW YORK, Nov. 17.—The latest addition to the Central Park Zoo is a brown tiger cub caught two months ago by a party of American naturalists in the ruins of a 3000-year-old temple at Chichen-Itza, Yucatan. The Americans chased the little animal and carried him in a bag on a muleback to Progreso, where he was presented to Mrs. Marie Wright of Rochelle, N. Y., as she was returning to the United States after spending four months in Mexico as a delegate to the Centennial celebration.

ANOTHER SCION OF THE VANDERBILTS IS DEAD

NEW YORK, Nov. 17.—Word was received here today of the death of William K. Thorne, the son of Mrs. Emily Thorne, a daughter of Commodore Vanderbilt of the Vanderbilt family, at Pau, France. Yesterday he was out hunting in the best of health and late this morning he was found dead beside his bed, apparently of heart failure.

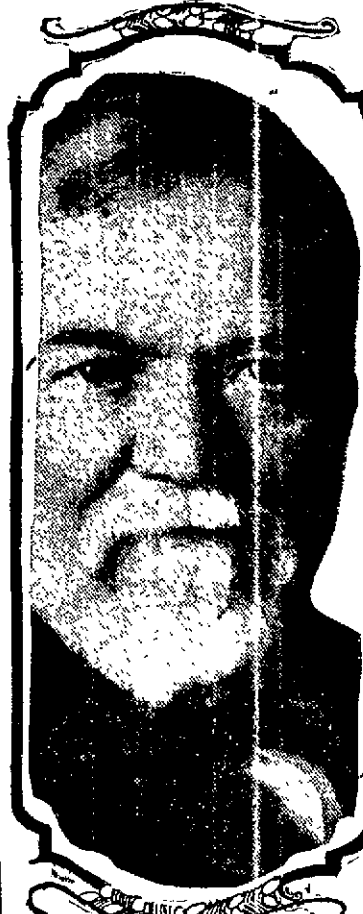

Mr. Thorne had lived in this country for nearly 16 years.

LAUNDRYMAN IS LEPER; PATRONS DOFF CLOTHING

PASSAIC, N. J., Nov. 17.—More than one citizen of the community who put on a clean boiled shirt this morning rushed upstairs to tear it off when he read in the morning papers that Mark Lee, a Chinese laundryman, had been taken to the isolation hospital, suspected of having leprosy. Six physicians who examined him are not positive, but give it as their belief that the case is Asiatic leprosy.

All the collars, cuffs and shirts in the laundry will be fumigated before they are returned to their owners. The laundry itself will be fumigated and the back in which Mark Lee was driven to the hospital will be publicly burned by the city.

Carnegie to Give \$3,500,000 During His Natal Week

Andrew Carnegie, who celebrates his 75th birthday this week, is giving away more millions.

PITTSBURG, Pa., Nov. 16.—Andrew Carnegie will celebrate his 75th birthday this week by making a gift of \$3,500,000 to the Carnegie Technology schools in Pittsburgh. Of this sum \$1,500,000 is for building and equipment and \$2,000,000 for endowment. This was announced tonight by William M. Frew, president of the board of trustees, following an executive meeting of the board.

Mr. Carnegie has previously given \$20,000,000, which went to found the Institute here, including a library, museum and concert hall and for the technology school. The plans for the latter, which provided for the accommodation of over 3000 students, will now, with the additional million and a half, be carried to completion.

On a recent visit to Pittsburgh Mr. Carnegie said he was perhaps prouder of his school than of any other philanthropic venture.

TOLD WIFE TO SHOOT SELF, SHE TELLS JUDGE

SAN FRANCISCO, Nov. 17.—When William Parks, a traveling salesman, went on one of his regular trips on August 22 last, leaving his wife Bertha and their child, one of the last things he did was to place his revolver in his pocket.

"You better leave it with me," said his wife, protesting, "for the protection of myself and the baby."

"All right," responded hubby, "and I hope you use it on yourself before I get back."

This is the scene in the family life of the Park's household was reproduced in connection with an allegation of excessive cruelty brought in a wife's suit for a separator begun this morning.

ENTERTAINMENT AND DANCE AT ELMHURST

ELMHURST, Nov. 17.—An entertainment and dance was given last evening by the young women members of the Cash Loma Woman's club in the Elmhurst Redmen's hall. One of the most interesting features of the program was the address delivered by Dr. George Severe, who related his many experiences while acting as a surgeon in the Boer war. Instrumental and vocal selections were given by Miss Vera Fraser, Miss Wallace, Miss Hazel Rolf, Miss Lopez and Lawrence Rolf.

LAUNDRYMAN IS LEPER; PATRONS DOFF CLOTHING

PASSAIC, N. J., Nov. 17.—More than one citizen of the community who put on a clean boiled shirt this morning rushed upstairs to tear it off when he read in the morning papers that Mark Lee, a Chinese laundryman, had been taken to the isolation hospital, suspected of having leprosy. Six physicians who examined him are not positive, but give it as their belief that the case is Asiatic leprosy.

All the collars, cuffs and shirts in the laundry will be fumigated before they are returned to their owners. The laundry itself will be fumigated and the back in which Mark Lee was driven to the hospital will be publicly burned by the city.

WIFE NO. 1 PROVES SHE IS RIGHT ONE

Mrs. Mabel Thornton Produces Records From Denver to Back Her Claim.

When Louis Luke Thornton walked away from the police station last Friday afternoon arm in arm with Jennie Thornton, who claimed to be his wife after having shaken from his coat sleeve Mrs. Mabel Thornton, another aspirant in a hotly contested suit for favor at his hands upon the same status, he left behind a legal wife, according to the records of Arapahoe county, Colorado, which show that he and Mabel Thornton were married in the city of Denver at 9 o'clock a. m. July 23, 1893, by the Rev. Thomas E. Bliss, the ceremony having been witnessed by Fred L. Shaw and Hattie B. Bliss.

Chagrined at the repudiation of her rightful claims and forced to stand and watch her husband being led away by another woman with \$1600 in his pocket and prospects of a much larger sum becoming his by bequest, she contented herself with the fact that she was his rightful wife and that sooner or later he would return to her on his own volition. In the meantime, that she might prove to the world the validity of her claims, she sent a message to the county clerk of Arapahoe county, Colorado, which arrived today, proving almost conclusively her claims as the wife of Louis Luke Thornton, man of many misadventures and recently arrested in this city for disturbing the peace on the occasion of the two women in the case meeting at the home of Mrs. Mabel Thornton, 818 Franklin street, last Thursday night.

CAME TO ENJOY FORTUNE.

Thornton and his alleged wife had come north from Los Angeles to enjoy a portion of a goodly sized fortune which he had been left by his father, who recently died in Missouri. In the course of his celebration Thornton went a little too far and in a congenial sort of mood and "wrote No. 2" as she was later designated by the officials, made a trip to this side of the bay in order that he might be identified by Mrs. Mabel Thornton so that he could cash a check. Husband and wife had not met for five years. She had forgotten that her ex-husband had transferred her affections to one Albert Ekstrom of Berkeley with hopes of some day becoming his bride.

The three met, Thornton slept the women talked and then they wailed. Thornton was aroused from his slumbers and then and there charged with bigamous conduct by Mabel. She chased him through three rooms, armed with a beer bottle. Jennie objected to such treatment of her alleged spouse and a fracas resulted. The police were called in and Thornton run in. Both women followed. Next morning at the police station both refused to prosecute and Mabel appeared with a heavy sack of coin to bail him out. It was not necessary, however, and while awaiting his appearance both argued their relative rights to the prisoner, interspersing their characterizations of one another with not a little spiteful language.

CASE MABEL ASIDE.

Thornton finally stepped forth into the crowd that had gathered and into the waiting arms of the women. Casting Mabel aside, he stepped quickly off with Jennie, who threw a parting triumphant glance at her shoulder as they disappeared down the street.

Mabel went away with Albert and she now declares that she will commence suit for divorce from Thornton and that she wants to have a thing more to do with the man who tried with her, deserted her and then trampled her dignity under foot before another woman.

SUNNY MONDAY

Sunny Monday laundry soap contains a wonderful dirt-starter which saves half the rubbing. The soap itself does most of the work—you merely assist it. Your poor back will appreciate the difference at once.

Sunny Monday will do its best work in any kind of water—hot, cold, hard or soft. All waters look alike to Sunny Monday.

EFFORTS OF 'DRYS'

Separate Submission of State-Wide Prohibition Question Downed.

PHOENIX, Nov. 17.—There will be no separate submission of the state-wide prohibition question at the election for the ratification of Arizona's constitution, the convention adopting today by more than a two to one vote the majority report of the committee on separate submission, recommending the rejection of the propositions. The convention also, for the third and probably last time, defeated woman's suffrage by taking the same course with the proposition for a separate submission of the votes-for-women question.

There were crowded galleries today in anticipation of an interesting debate on prohibition, but only a few speeches were made. One was delivered by Delegate Parsons of Cochise county against prohibition, in which he quoted an interview with Eugene W. Chaffin, erstwhile prohibition candidate for President of the United States, wherein it was stated that state-wide prohibition had proved a failure. The defeat of the prohibition proposition came by a vote of 73 to 16. The submission of the suffrage proposition was defeated 80 to 19.

Vandals Desecrate Graves of Sailors

Tablets Pried from Tombs of Seamen Members of Perry's Japan Expedition.

VICTORIA, B. C., Nov. 17.—Vandalism at the graves of five American sailors of Commodore Perry's expedition of 50 years ago, which opened Japan to the world, has been reported to the American embassy at Tokyo, according to cables brought by the steamer Mexico Maru.

The American seamen were buried at Napa, Luchu Islands, in stone tombs built above the ground after the local fashion, and five or six years ago the United States steamship Vicksburg went thither and erected tablets to mark the graves. These have been pried away by the natives and the graves desecrated, two of them being destroyed. An investigation is being conducted.

Riot Leaders Are Sent Out of Leon

Nicaraguan Authorities Expel Men Who Were Against Americans.

WASHINGTON, Nov. 17.—Four liberal leaders, alleged to be responsible for the anti-American riots at Leon, Nicaragua, were expelled from the country today by President Estrada, according to a telegram received by the State Department from Thomas B. Moffatt, United States consul at Bluefields.

TRUST'S HEAVY FINES CAUSE WAGE REDUCTION

WASHINGTON, Nov. 17.—The Department of Justice has taken notice of a newspaper dispatch from Pittsburgh that the corporations combined in the so-called "Window Glass Trust" had secured a reduction of 30 per cent in the wages of the workers under the condition that the workers could continue to operate.

This is the greatest velvet period in the history of Fashion.

Fashion's Latest Calling is Velvet Shoes for ladies, large misses, misses and children.

They are here in all sizes and in all styles that are correct. Mesmer-Smith's velvet shoes are made right in

every detail. It's all in the make Mesmer-Smith Co. Shoes, Men's Clothiers and Furnishers 118-26 Washington St.

TWO COUPLES ARE MARRIED AT PROGRESSIVE WEDDING

Two of the Principals in a Unique Progressive Wedding Ceremony.

H. F. Oestreich and Miss Elinor Birch and James F. Day and Miss Katherine M. Fleury Principals

ANOTHER MONSTER SHIP ORDERED

The Cunarders to Have Vessel That Is Larger Than Olympic.

LONDON, Nov. 17.—Specifications issued today for the new Cunard line steamship call for a vessel two and one-half feet longer than the White Star liner Olympic, at present the largest vessel in the world, but of slightly smaller displacement.

The new Cunarder will be 825 feet long, with a total displacement of 50,000 tons. A speed of twenty-three knots is expected of the vessel, which will be propelled by turbines and the use of oil for fuel will be possible if such use is deemed advisable.

The Olympic, which was launched on October 21, is 852 feet in length, a displacement of 56,000 tons. It has a speed of twenty-one knots and accommodates 2,500 passengers.

Send Steamer to Rescue of a Vessel

Three Hundred Fishermen Said to Be on the Ship.

SELKIRK, Man., Nov. 17.—On an order from the government at Ottawa the marine department dispatched the steamer Lady of the Lake today with a relief party to look for the missing steamer Wolverine, which was reported overdue November 10.

At that time it was said that there were 200 fishermen from North Lake Winnipeg fishing stations on the boat, homeward bound.

Lake Winnipeg is 300 miles long and 80 miles wide. Its shores are a wilderness inhabited by occasional tribes of Indians.

FORMER STANDARD OIL SECRETARY IS DEAD

ORANGE, N. J., Nov. 17.—Joseph Freeman, formerly secretary of the Standard Oil Company, died at his home here today of heart trouble. He was born 74 years ago in Cleveland.

He leaves a wife and a son, Alden Freeman, who is a member of the Standard Oil Company. He was married to Emma Goldman and Alexander Berkman to a luncheon of the New Jersey Society of Mayflower Descendants.

STOCKTON TO ENLARGE CHANNEL WATERFRONT

STOCKTON, Nov. 17.—A long section of Mormon channel that has been closed to navigation for about fifteen years will soon be open to all kinds of river traffic, greatly increasing the water front of Stockton and giving its lumber yards and grain warehouses access to a territory long idle. The dredger Monterey, the largest ever constructed on the Pacific Coast, is removing the silt in the stream at a rapid rate.

STANDARD OIL MEN ASK FOR ACQUITTAL

JACKSON, Tenn., Nov. 17.—Attorneys for the Standard Oil Company of Indiana, on trial here on a charge of having accepted rebates, made a motion today before Judge McCull seeking to introduce a verdict of acquittal. The motion was disallowed for the moment and the court took a recess.

Judge McCull announced he would make a ruling on the motion late today.

ARSON IS CHARGE AGAINST WOMAN

Alleged Mrs. Harper Herself Was Nearly Killed in Making Attempt.

SAN FRANCISCO, Nov. 17.—Mrs. Mary F. Harper, who was horribly burned on April 4 last in a fire which badly damaged the Hibernia Hotel, 1264 Howard street, was placed on trial before Superior Judge R. H. Lattimer of Contra Costa county, sitting or Judge Cabaniss this morning, on a charge of arson.

In the early morning hours of the day in question the helpless inmates of the hotel were aroused by the cries of fire, and an investigation revealed the fact that four rooms had been literally bathed in kerosene. Mrs. Harper was saved from death by the fireman, and after a careful inquiry Edward Bergin, the police, charged with putting the destruction of the building.

NEARLY BURNED HERSELF.

The theory of Fire Marshal Towe was that the flames leaped up so quickly that the woman was caught in a maze of fire before she could make her escape after applying the match. The property belongs to Eugene Breeswer, and had the building been destroyed a number of innocent persons would probably have perished.

The work of obtaining a jury occupied the entire morning. Mrs. Harper sat beside her counsel, Attorneys Nat Coghlan and Robert Ferris, and was accompanied by her daughter.

'Not a Word,' Declares Roosevelt in Gotham

Colonel Dodges Questions on the Result of Election and Defeat of Stimson.

NEW YORK, Nov. 17.—"Not a word—not a word," said Colonel Theodore Roosevelt in answer to a question as to whether he intended to run for president when he returned to the United States today for the first time since November 3.

"They are saying you can't come back," ventured the reporter.

"Not a word," said the colonel, as he bounded out of his automobile which had brought him from Oyster Bay, and hurried into his offices.

COUNCILMEN TO ADDRESS MELROSE HEIGHTS CLUB

At a meeting of the Melrose Heights Improvement Club, to be held at 2108 Forty-seventh street, Rurks Hall, Melrose, tomorrow evening, Councilmen Vose, Cobbledick and Everhart will speak on the action of the City Council in granting the water front franchise to the Southern Pacific Company. Up to the present time the club has refused to endorse the action of the Council in this matter. E. A. Freeman will also address the club.

STOCKHOLDER CALLS MANAGER TO ACCOUNT

SAN FRANCISCO, Nov. 17.—W. L. Schucholle, a stockholder in the Bixhill Window Case Company, filed suit against the Wells-Fargo Bank and Trust Company today for an accounting and a receiver to be appointed. He alleges that the bank has kept no account and has used the money of the firm in its own way.

FILES SEALED COMPLAINT.

Mary E. Old has filed a sealed complaint in the superior court for a divorce from George F. Old.

STRIKES OAKLAND

Boy Military Organization to Be Started by Prominent Citizens.

At a gathering of business and professional men, and several city officials, to be held at the city hall, Tuesday night, the American Boy Scout movement will be formally launched in Oakland and an organizing committee will be appointed to appoint scout masters and make arrangements for a suitable headquarters for the scouts. All the members of the committee are enthusiastic over the movement, and Superintendent of Schools J. W. McClintock has promised to make several addresses to school children, explaining to them the value of the scout movement.

After the committee is organized, letters will be sent to parents setting forth the purposes of the organization, and a night will be set a general meeting for the enlistment of patrols. Captain Alexander Patterson already a troop of three patrols in North Oakland, while the Rev. Case has two patrols in West Oakland.

Colonel George Dickie of the Oakland playgrounds commission will act as temporary chairman and will probably be made the head of the organization in Oakland. The other members of the committee will be composed of Mayor Frank Mott, Superintendent of Schools J. W. McClintock, W. S. Macdonald, president of the Oakland chamber of commerce; E. B. Bull, president of the progress and prosperity committee; A. A. Denison, secretary of the chamber of commerce; the Rev. Alfred Case, pastor of Chestnut-street Methodist church; Captain S. L. Hall, Captain J. W. Griffin, Lieutenant Edward D. Finley and C. P. Clement.

SEEKING RAILROAD BETWEEN CITIES

The Fresno Traffic Association Wants Line to Monterey and Asks Aid.

FRESNO, Nov. 17.—A delegation of local men, headed by State Senator George W. Cartwright, will appear before the Fresno Traffic Association at its meeting to request the moral support of that organization for a proposed railroad between Fresno and Monterey.

Among those interested with Senator Cartwright in the enterprise are: A. Albrecht, a prominent local packer, and E. R. Shady, a banker of Hollister. The promoters say they will obtain the necessary financial backing, but they desire the good will of the people of Fresno and Monterey.

Mrs. Benson Gets Her Husband's Estate

Widow of Land Speculator Given \$2240 by the Courts.

SAN FRANCISCO, Nov. 17.—Mrs. Grace Benson, widow of J. A. Benson, of Benson, Perrin and fraud fame, was awarded \$2240, the entire estate of the deceased, by the Superior Court this morning. The money is life insurance, the policy having been taken out by Benson in the Pacific Mutual Life Insurance Company.

Confesses He Killed Woman He Had Robbed

Man Is Arrested for Murder and Second Victim Is Likely to Die.

POTTSVILLE, Pa., Nov. 17.—Confessing, according to the police, that he had killed Mrs. Chas. Richards and probably fatally wounded her daughter, Mrs. Peter Pauls, after having been caught stealing at their home near here last night, a man known as Frank Mitchell, was arrested at Reading today and brought to the jail here. This prisoner was employed on the Paoli road.

CALIFORNIA MARBLE IS DISCRIMINATED AGAINST

SAN FRANCISCO, Nov. 17.—Superior Architect James Knox Taylor of the treasury department at Washington has again thrown down the gage of war to the producers of California marble. Letters and telegrams of protest against his discrimination in providing for eastern marble in California federal buildings have been of no avail.

Revised plans and specifications for the Santa Cruz postoffice have just been received and they provide for a large quantity of this material. The producers of California marble have been notified and another protest will be sent to Washington. The mining bureau, the California development board and the California business men have protested before, but when their answer came it was in such form as the recent revised specifications for the Santa Cruz building. Each answer has been a slap in the face.

An effort will be made this time to go over the head of James Knox Taylor, for the State producers will show that the California product is of equal or better quality and can be transported to Santa Cruz for considerably less money than can the marble from Vermont and Tennessee.

VICTIM OF VALLEJO ACCIDENT TO RECOVER

Austin J. Rix of this city, a foreman in the Pacific Gas and Electric Company's Vallejo plant, who was caught in machinery upon which he was making some repairs yesterday with the result that he received a fracture of the skull and other serious injuries, has been removed to his home and is reported by Dr. A. F. Mann who is attending him to be recovering easily. He is in a fair way to recover within a short time his wounds not having been fatal, as was at first reported.

OF NEW CLUB DANCES TONIGHT

ARTHUR LAGE, who will act as floor manager at the new club dance.

The third of a series of social dances being given by the New Club will be held at Central hall, Twelfth street and Broadway, this evening. An able committee has charge of the arrangements for the ball and an enjoyable affair is promised.

The committee of arrangements included Al C. Weber (chairman), H. A. Hansen and J. J. Thomas.

The manager of the New Club, president of the Yew Club (chairman), F. Viera, F. Weber and H. Bay.

Other members of the committee—E. E. G. Straub, L. J. Higgins and R. Dickinson.

POSTPONE ACCUSED SWINDLER'S CASE

William R. Humphreys to Go On Trial the First of December.

On the request of Lin S. Church, attorney for the defense, the case against William R. Humphreys, said to have been an associate of the original "Get-Rich-Quick Wallingford" and charged by Oliver Kehrlein of San Francisco with feloniously obtaining money under false pretenses, was continued by Judge George Samuels this morning to December 1 for preliminary examination. It is understood that the case will not go forward until the result of certain civil suits now being heard.

The case was continued with the understanding that Humphreys should be tried before his associates in the alleged conspiracy to defraud Kehrlein appeared for their preliminary examination. His associates are Mrs. Joanna Gillis and William Gillis, and their case has been set for the same day, but will not be heard until that against Humphreys is decided.

The trio is charged with having manipulated a real estate property involving San Francisco and Chicago property in such a manner as to swindle Kehrlein. San Francisco realty dealer, out of several hundred dollars. The witnesses in the case include Henry S. Starbuck, Robert Eugene Davis, L. P. Curlett, M. L. Hanna and F. J. Carlson.

Slayer Exonerated By Unwritten Law

Klamath Falls Man, Who Shot Home-Wrecker, Cleared by Coroner's Jury.

KLAMATH FALLS, Ore., Nov. 17.—In the case of Robert Lincolnton Allison, who shot and fatally wounded Fred H. Wing yesterday night, and found Wing "unwritten law" in practice and exoneration of Allison for responsibility in the shooting.

Allison, a conductor on the Southern Pacific, returned to his home unexpectedly Sunday night and found Wing at his home with another man and woman, his wife entertaining them. The circumstances of the surprise party were such that Allison drew his gun and shot Wing as he attempted to escape from the home through a window.

Wing died of his wounds the next day. Public opinion strongly favored Allison. He was released from jail following the jury's verdict.

Policeman Is Fined On Battery Charges

Judge Smith Expresses Regret in Assessing James Pullman \$20 After Conviction.

James Pullman, a patrolman of the Oakland police force, was this morning fined \$10 on each of two charges of battery and fined \$20 for assault on Martin Slattery, the verdict of guilty having been rendered two days ago after a lengthy trial.

In passing sentence and fining the patrolman, Judge Smith spoke of his regret in having to impose the fine, as Pullman has an excellent record as a policeman.

WIFE WENT TO THEATER, HUSBAND GETS DIVORCE

SAN FRANCISCO, Nov. 17.—Thomas Edwards, a forwarding agent, had a disagreement with his wife, Grace. She insisted upon going to the theater with another man, and when he accosted her on the street and objected, she greeted him with a knife. "Run away, little boy, or I'll get a policeman," she said.

BOOST FOR FAIR

Hiram Johnson to Go to Washington With Gillett Next February.

SAN FRANCISCO, Nov. 17.—Governor-elect Hiram Johnson, enthusiastic at the prospect of capturing the favor of Congress and bringing the Panama-Pacific Exposition to San Francisco, will leave this city with Governor Gillett and a party February 27 for Washington, there to carry the Panama-Pacific slogan to the halls of the national legislature.

Governor-elect Johnson will be accompanied by present arrangements are confirmed by Gavin McNabb, Michael F. Tarpey, a delegation from the north and south and a committee from the Panama-Pacific campaign headquarters. Special accommodations will be provided and the fight for favor waged in the very shadow of the White House.

At present the personnel of the party has not been decided upon, but an attempt will be made to place some thirty of the most influential men of the State, both in political and business life. It will be a thoroughly representative delegation, headed by the new Governor of the State, and under the special escort of Gillett.

Gavin McNabb has had charge of the program and as yet has not completed the many necessary details. However, it is well assured that the delegation will be made up of men from all avenues of life and from many parts of California.

Taxpayers File Claim For Refund of \$2100

Citizens of Six Ousted Sanitary Districts Want Money Back. 5000 to Be Heard From.

Attorney Huftaker this forenoon filed with the board of supervisors claims of taxpayers aggregating \$2100 for a refund of taxes levied in the six sanitary districts that were liquidated out of commission by the annexation of the districts to Oakland.

There are from 3000 to 5000 of these claims, representing about \$20,000, still to be heard, and it is understood that when the matter is presented to the District Attorney for an opinion he will recommend that the supervisors authorize the refund.

Elevator Shoots Down; No One in the Cage

Cable Breaks and the Accident Causes Near Panic in the Albany Building.

A small-sized panic occurred in the Albany block this morning when the elevator dropped from the top floor to the basement. Women screamed and men rushed to the basement expecting to find at least a half dozen persons killed.

It was not until they reached the basement that it was learned that one of the cables had broken and that in his effort to fix it A. B. Turner, the leasee of the building, had accidentally caused the elevator to drop.

No one was in the cage at the time and Turner saw it coming in time to get out of its way.

Australian Census Shows Big Increase

Statistician Announces Total in Six States as 4,474,000 Persons.

MELBOURNE, Nov. 17.—Advance estimates of the population of the commonwealth of Australia, made by the federal statistician, places the total number of persons in the six states at 4,474,000.

The taking of the decennial census will be begun April 1, 1911, and, allowing for a normal increase before that date, the population is expected to reach 4,500,000. This would represent an increase during the last decade of about 725,000.

LONGSHOREMAN STRUCK AND FATALITY INJURED

SAN FRANCISCO, Nov. 17.—Struck by a swing load of lumber as he was working on Long Wharf, Oakland, at 11 o'clock this morning, James A. Menzies, an employee of the San Francisco Stevedoring and Ballast Company, living at 8 Ludena street, was probably fatally hurt.

A workman was handling lumber on the dock, and failed to notice the sling, which struck him and knocked him down, rendering him unconscious. He was placed in a launch and rushed to the Harbor Hospital, where an examination revealed the fact that he was suffering from a fracture of the skull.

VERY TOUCHING INCIDENT OCCURS

Comrades Meet After Many Years of Separation.

While at the entertainment of the Seven Pines and 2d U. S. Cavalry at the G. A. R. at the Auditorium, San Francisco, Wednesday evening, November 16, two drummer boys that enlisted in the United States service in the same company and battery at the same time, met and were discussing with a lot of other comrades, who were in the smoking room at the time, when Comrade James H. Purcell asked Comrade A. E. Cohn P. P. Cohn of James A. Garfield Co. 34, G. A. R. If he was the Abe Cohn that enlisted in the United States army at Fort Proble, Mo. The answer was in the affirmative, Purcell said, "Why, Abe, don't you remember me?" When a hearty handshake and embrace took place between these old vets of the Civil War who had not seen each other for forty-four years until they met at the entertainment. Comrade Purcell is still in the government employ, and Comrade A. E. Cohn has chosen a commercial life—is the manager of the Clothing Department of the Eastern Outfitters Co. of this city.

THESE 'NO RISK

If This Medicine Does Not Benefit You Pay Nothing.

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe that to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach troubles. They insure healthy appetite and digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction we will return to you the money you paid us without question or formality.

They come in three sizes: prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at The Owl Drug Co., Inc., Tenth and Washington, Thirteenth and Broadway, Sixteenth and San Pablo.

PREDICTS HIGHER PRICES FOR MEAT

Chief Chemist for Government Says Recent Drop Is Manipulated.

WASHINGTON, Nov. 17.—The so-called reduction in the price of meats is a deliberate manipulation of the market according to Dr. Harvey S. Wiley, chief of the bureau of chemistry, Department of Agriculture. In a statement made here today, Wiley said that the recent price reductions were a "trick" to get the public to believe that the government was doing something to help them.

MANIPULATION DELIBERATE

"It is manipulation of prices was just as deliberate as the manipulation of the market by the government," Wiley said. "The prices were manipulated at the top notch because they were forced there by the government."

Secretary Wiley said that the announced reduction in prices was a "trick" to get the public to believe that the government was doing something to help them. He said it was due to the fact that the government was not doing anything to help them.

TUMBLE NOT NORMAL

"This trouble is not all normal and will not be permanent," Wiley said. "It is a trick to get the public to believe that the government was doing something to help them."

NEW YORK, Nov. 17.—It was reported today that the government was doing something to help them. The report was that the government was doing something to help them.

The Quickest, Simplest Cough Cure

Easily and Cheaply Made at Home Saves You \$2

This recipe makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as 1-2-3. It gives almost instant relief and usually cures the cough in 4 to 10 days. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy for whooping cough, sore lungs, asthma, throat troubles, etc.

Mix one pint of granulated sugar with 32 parts of warm water and stir 10 minutes. Put 22 ounces of Pine (10 cents worth) in a pint bottle and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every day two or three times.

Pine is one of the oldest and best known medicinal agents for the throat membranes. Pine is the most valuable concentrated compound of Norway spruce extract and is rich in glycolic and all the other natural healing elements. Other preparations will not work for its formula.

The prompt results from this formula have endeared it to thousands of housewives in the United States and Canada, which explains why the Pine has been imitated often but never successfully.

A guarantee of absolute satisfaction or money promptly refunded goes with this recipe. You doubtless have Pine or will get it for you. If you send to The Pine Co., New York, Ind.

100 MILE COMMERCIAL TRUCK TEST

Date: Thanksgiving Day. Trucks will leave Golden Gate at 5:30 a.m. and proceed on Market and Van Ness streets to the Mission road, thence via boulevard to San Jose, arriving at Hotel Yosemite at 4:45 p.m. The trip will be for lunch. Five minutes rest at control.

Return—Trucks leave control at 10:15 a.m. and travel to Oakland going the east shore of the bay by way of Warm Springs, Centerline, San Leandro, Fremont, Alameda Park at 2:15 p.m. Five minutes rest at control. Trucks will be placed among exhibits in Automobile Show on their arrival.

Conditions of contest will carry full catalogue of prizes. Will start with 100 points and will be penalized one point for every minute of delay caused by a driver. No adjustment will be made. A car will be permitted to leave the start except under penalization. A record of gasoline consumption per ton mile will be kept and figured in the score. Cars will be weighed at Alameda Park on scale provided and tested by committee.

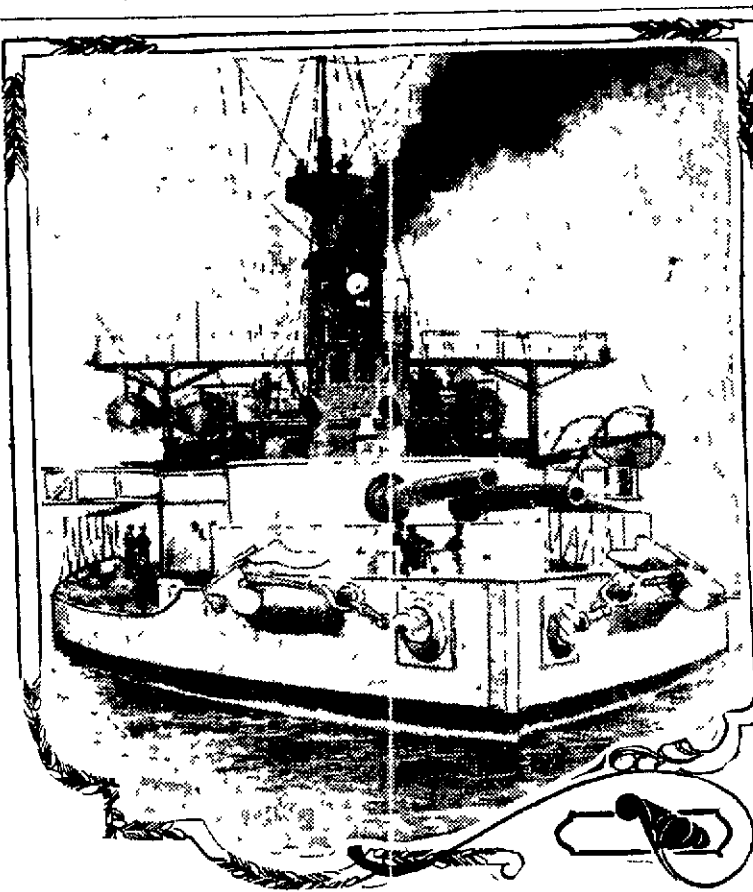

LOZIER PERFORM BRILLIANTLY

Keeping up their record of consistency the two Lozier entries in the big international Grand Prix race at Savannah (finished fourth and fifth in a field of sixteen starters) in consideration of the fact that the fastest specially built race cars from all corners of the world were gathered at this meet and that the Lo-

zier cars were the only ones to finish the race.

Result of Tests on Monitor Puritan Prove to Be Valuable

The Monitor Puritan which on Tuesday last, at Hampton Roads, was subjected to a severe test by the Navy Department. Heavy charges of nitroglycerine gelatine were exploded against her turret and waterline armor. The department expects to obtain valuable information as a result of this test.

WASHINGTON, Nov. 17.—Information gained in connection with the manning of the Monitor Puritan, which was subjected Tuesday at Hampton Roads, when heavy charges of nitroglycerine gelatine were exploded against her turret and waterline armor, is of the opinion that such an attack will never be duplicated in actual warfare.

TRUCK CONTEST ON NOV. 23 IS SOCIETY THANKSGIVING DAY NIGHT AT AUTO SHOW

Oakland Business Men Have Completed Arrangements for Novel Contest.

By J. A. HOULIHAN.

As a Thanksgiving Day event of the Oakland Automobile show, a competitive test for commercial trucks has been arranged which will consist of a race over a course of 100 miles of road in less than nine hours without delay for anything other than the trouble in order to attain a perfect score. Some eight big machines will engage in the contest each carrying its full complement of load and the result is expected to prove of the utmost interest to the merchants on both sides of the bay.

The contest was arranged by a number of Oakland business men who are now using automobile trucks for hauling or are figuring on doing so and the committee in charge is composed of Oakland merchants and automobile dealers. An invitation has been extended by the committee to the San Francisco merchants interested in the commercial aspect of the automobile industry.

The test will be supervised by United States Army officers. Of late the Government has been paying considerable attention to automobile trucks, particularly in the reliability of the method of transporting supplies in quick time and the officers at the posts about the bay have an opportunity to witness a test of this character as they are the committee has arranged with the army that they act as observers on the journey to San Jose and back and on the return to Oakland.

The run will start from San Francisco in the morning, traverse the old Spanish highway El Camino Real to "San Jose" and return by way of Warm Springs, Centerline, San Leandro, Fremont, Alameda Park at 2:15 p.m. Five minutes rest at control. Trucks will be placed among exhibits in Automobile Show on their arrival.

Conditions of contest will carry full catalogue of prizes. Will start with 100 points and will be penalized one point for every minute of delay caused by a driver. No adjustment will be made. A car will be permitted to leave the start except under penalization. A record of gasoline consumption per ton mile will be kept and figured in the score. Cars will be weighed at Alameda Park on scale provided and tested by committee.

"EVERYTHING FOR SEWING MACHINES"

WASHINGTON, Nov. 17.—The so-called reduction in the price of meats is a deliberate manipulation of the market according to Dr. Harvey S. Wiley, chief of the bureau of chemistry, Department of Agriculture. In a statement made here today, Wiley said that the recent price reductions were a "trick" to get the public to believe that the government was doing something to help them.

NEW YORK, Nov. 17.—It was reported today that the government was doing something to help them. The report was that the government was doing something to help them.

The prompt results from this formula have endeared it to thousands of housewives in the United States and Canada, which explains why the Pine has been imitated often but never successfully.

A guarantee of absolute satisfaction or money promptly refunded goes with this recipe. You doubtless have Pine or will get it for you. If you send to The Pine Co., New York, Ind.

REMARKABLE OFFERING FOR LONG FLIGHT

Captain Van Tassel to Make a Trip from Bakersfield to Los Angeles.

BAKERSFIELD, Cal., Nov. 17.—Captain Van Tassel, the aviator, has commenced preparations for a flight from this city to Los Angeles in his dirigible balloon. The trip involves the crossing of a wild and rugged country where landing in case of a breakdown will be difficult, and also involves the crossing of the Tehachapi mountains, which will necessitate reaching an altitude of several thousand feet. Captain Van Tassel plans to take with him a newspaper man and possibly two or three passengers. The flight has been set for the night but it will occur as soon as the machinery can be installed in the aerial craft.

According to A. V. Nallen, one of Captain Van Tassel's associates, the proposed flight of the dirigible balloon from Bakersfield to Los Angeles cannot take place for some time as the dirigible is now in process of construction in San Francisco.

Nallen says that Captain Van Tassel when he left for Bakersfield, took with him only the "Diamond," which is a dirigible balloon, and that he is not at all suitable for the arduous trip over the Tehachapi mountains. He does not believe that the Oakland aviator has any intention of using the "Diamond" in such a long flight.

It is presumed that Captain Van Tassel took the "Diamond" with him for exhibition purposes and it may be that he intends to use the gas bag in making observations and trial flights. The "Diamond" is not a dirigible balloon, but could be used by Van Tassel for scouting trips and in gathering information about the air currents, etc., that would be valuable when the time comes for the flight from Bakersfield to Los Angeles.

WASHINGTON, Nov. 17.—Information gained in connection with the manning of the Monitor Puritan, which was subjected Tuesday at Hampton Roads, when heavy charges of nitroglycerine gelatine were exploded against her turret and waterline armor, is of the opinion that such an attack will never be duplicated in actual warfare.

BIG TONGUE CHIEF SLAIN IN SEATTLE

Police Guarding Headquarters of Warring Factions Today.

PORTLAND, Ore., Nov. 17.—Chieftain of the Chin Sing, a powerful faction in the Chin Sing, was slain today in Seattle, Wash., of Chin Sing by the Chin Sing. He was a member of the great Hop Sing tong and a Chin of a minor tong known as the Chin Sing.

The Chin Sing, however, in the Pacific Northwest, have a long history of "cousins" and they are relatively as strong as the Hop Sing.

The company headquarters of the Chin Sing has been surrounded all night by a throng of excited Chinamen and the police have placed large detachments in the vicinity both of the Chin Sing and Hop Sing headquarters as a safeguard against a possible outbreak.

ARCHAEOLOGIST'S NAME O'CONNELL, PRESIDENT

SAN FRANCISCO, Nov. 17.—Right Rev. Denis J. O'Connell was elected president of the San Francisco Archaeological Institute of America at a meeting at the annual meeting of the society at the Fairmont hotel.

The election followed the reading of a paper on "The First Americans" by Prof. J. C. Merriam of the University of California. The speaker made a number of remarks with reference to the subject.

Among the other officers elected were Dr. J. H. Steward, president of Stanford University; and Dr. Benjamin H. Wheeler, president of the University of California. The other officers were: Allen, secretary; Arthur, William, treasurer; Edward, J. H. Steward, secretary; and J. H. Steward, treasurer.

The daily program of scheduled events for the automobile show is shown above. The opening night is Oakland night. Present indications from the interest manifested warrant making a conservative estimate of an attendance of well over 7500 people on this night.

Oakland in particular and the Pacific Coast in general are aroused to the importance of this coming motor car exposition.

The second night on Sunday will be known as "Endurance Run" night. On that evening the endurance run contest will have commenced the first half of the 48 hour run.

On society night, Wednesday the Union League and Pacific Union Clubs of San Francisco will attend the exposition, duly attended.

Oakland should do herself proud on this occasion.

Progress in medical compounds never ceases and now it is stated by a prominent medical man that any deep-seated cough or cold on the lungs can be actually cured in five days by the use of Opium and morphine. These have been resorted to in the past as relief measures. But now it is learned that the system must be treated to rid it of inflammation and congestion. The work is quick and thorough as to be almost magical. What heretofore has taken weeks to cure can be accomplished in hours.

Get this formula, filled or mix it at home and always keep it on hand. One-half ounce fluid extract cardiol and three ounces syrup white pine compound. Shake the bottle and take twenty drops every half hour for four hours. Then take one-half to one teaspoonful three or four times a day until the system is purified and tones up. Give children less and seven years old one filling will usually cure a whole family as the dose is small.

Oakland's Most Progressive Store

ABRAHAMSON'S

S. E. Cor. 13th and Washington Sts.

Remarkable Offering In Ladies' and Misses' High Class Tailored Suits and Coats

For Friday selling, we have arranged three great specials in our Cloak and Suit Department. The goods will be sold at such low prices, that we consider them the biggest value giving of this season. The least saving is one-fourth and in some instances one-third. Considering the high standard of "ABRAHAMSON'S" quality, we advise you to make an early selection. Styles strictly up to date.

Man Tailored Suits, \$15.00

At this price, we are showing a splendid line of man-tailored suits, comprising the cream of nobby and up-to-date styles. Extremely pretty models in sizes from 14 up to size 42. Fine quality navy serges and the popular homespun in tan and grey mixed. Regulation length coats, gored skirts with cluster of pleats. A special bargain at \$15.

Tailored Suits, \$22.50

One of the greatest and biggest suit values ever offered to the buying public. Some 125 suits, consisting of this season's most attractive numbers, and offered at this fabulous price reduction. The materials are the popular Zibeline in long hair or short napped effect, homespun, basketweaves, invisible stripes, chevrons, serges, niggerheads and broadcloths, in all the new fall colorings including black. Coats show regulation length, lined with satin or Peau-de-Cygne. Plain gored and pleated front and side effect skirts. All sizes for misses and ladies. Friday special, \$22.50.

Tailored Coats, \$19.50

A splendid array of tailored coats that will please the most exacting and critical woman. These coats show in workmanship and material, the most painstaking care and best quality. Superior broadcloths, homespun, mannish mixtures, chevrons, etc., are used. Every popular fall shade is included. Coats show shawl collar effect or military style. Cuts severely tailored. Sizes 16 up to size 42. Friday special, \$19.50.

LADIES ATTENTION: Remember, for the balance of this week only, we will put on sale our entire stock of ladies' high-class tailored and fancy trimmed broadcloth suits which sold from \$50.00 up to \$75.00, at special, \$39.50.

WOMEN'S SOCIETY

MRS. TRAYLOR BELL gave a theater party to-day in San Francisco in honor of Mrs. William Childs of this city formerly Miss Helen Dornin. A group of local belles attended the "Savoy" to hear Paversham. Included in their number were:

Miss O'Brien	Miss Dorothy Whitson
Miss Marie Reed	Miss Lucy Penney
Miss Whittle Hall	Miss Elsie Ames
Miss Marie Cogan	Miss Anna Frank
Miss Jessie Craig	Miss Anna Tormen
Miss Edna Orr	

IN HONOR OF MISS ORR.
Miss Edna Orr, who announced her engagement last week to Mr. Chief at her tea given by Mrs. William Childs, will be the guest of honor on Friday afternoon, November 25, when her cousin, Miss Elizabeth Goodrich, will give an affair for her at the Town and Country Club in San Francisco.

The guests will be mostly Oakland girls of the local fashionable set and luncheon covers will be laid for fourteen. Miss Orr is one of the most attractive and accomplished belles of this city and will be given a series of complimentary affairs during her pre-nuptial days.

MRS. WILLARD WILLIAMSON, HOSTESS.

Mrs. Willard Forsyth Williamson will be a luncheon hostess on Wednesday, November 23, when a score of friends have been asked to her Hillside avenue home.

Following the menu the guests will play bridge.

MRS. GILBERT CURTISS, HOSTESS.

Mrs. Gilbert Curtiss will entertain the members of the Pine Hundred Club at dinner the evening of November 23, followed by cards, at her home in East Oakland.

The members of the club meet every two weeks for cards.

BRIDGE CLUB.

Mrs. Bill Hubbard has asked the members of a new club for her guests on Friday, November 25, for an informal session at the bridge tables. The Hubbard home in Vernon Heights will be beautifully decorated for the occasion and following the game there will be an informal social hour.

BERKELEY ASSEMBLY.

The Berkeley Assembly, which gave its initial dance last night in Masonic temple, and included 200 of the young set of the brilliant success. The dance was preceded by a number of dinners. Mrs. Charles Butte gave an elaborate dinner at her handsome home, "Rose Lawn," and Mrs. Edwin Blake was hostess to a large number of guests who were bidden to her Berkeley home for dinner.

A number of debutantes from across the bay attended last night's affair. The patronesses for the assembly are:

Mrs. Harry Wilson	Mrs. Sylvia Smith
Mrs. William L. Jones	Mrs. James W. Lohm
Mrs. Harry Wilson	Mrs. Sylvia Smith
Mrs. William L. Jones	Mrs. James W. Lohm
Mrs. Harry Wilson	Mrs. Sylvia Smith
Mrs. William L. Jones	Mrs. James W. Lohm

DOLL SHOW.

Plans for the doll show go merrily on. Yesterday afternoon Mrs. Walter Morgan entertained the members of the Lundy work committee who will have an artistic booth on that auspicious day. Among those on the committee are:

Mrs. Samuel J. Dea	Mrs. N. H. Chamberlin
Mrs. E. F. Oles	Mrs. J. J. Allen
Mrs. Fred E. Reed	Mrs. W. J. London
Mrs. William S. Dea	Mrs. T. A. Burtin
Mrs. O. Lehnardt	Mrs. B. W. D. Holmes
Mrs. S. B. Leal	

Tomorrow afternoon the Little Workers, composed of the young girl relatives of the West Oakland Home members, will meet for a sewing bee in their club room in Foresters' hall.

MRS. DE FREMERY, HOSTESS.

Mrs. James de Fremery was a hostess last night at a fancy dress party given at the De Fremery place on Adeline street, which was given as a

TRIBUNE PATTERNS

TRIBUNE PATTERN NO. 3328.

surprise for her son, James. A number of the younger set were included in the party and dancing was the pleasure enjoyed during the evening.

EDWARD WALSHES ENTERTAIN.

Mr. and Mrs. Edward M. Walsh have asked many of the younger set to be their guests tomorrow evening at an informal dinner at their Monte Vista avenue home.

Miss Harriet Walsh and Edward Walsh Jr. will be the special hosts of the evening. Miss Walsh is still in school and will not make her debut for several seasons.

BIRTHDAY PARTY.

Miss Etta DeVega was given a birthday surprise party at her home recently which was enjoyed by her friends. Among those present were:

Miss Marie Alexander	Miss May Belle Van
Miss Eleanor Hagan	Miss Charlotte Goodrich
Miss Elizabeth Watson	Miss Hazel Pugh
Miss Florence Credit	Miss Ruth Dwyer
Miss Marian Felton	Miss Irene Wicking
Miss Mary Wilson	Miss Agnes Meyer
Miss Mildred Wilson	Miss Beatrice Silvestein

MISS WENZELBURGER'S MARRIAGE.

The wedding of Miss Lalla Wenzelburger and Lieutenant William Henry Shea took place last night at the home of the bride's parents, Mr. and Mrs. A. Wenzelburger, in San Francisco. Lieutenant Hugh Robinson was best man for the occasion.

Miss Lalla, in a white satin gown, was the maid of honor, and Mrs. A. Graupner and Mrs. George Chase, also in white, were the matrons of honor.

The bride, who is one of the most attractive of the San Francisco belles, was given in a creation of white satin, exquisitely trimmed in lace and adorned with a lace veil and a coronet of orange blossoms. She is a frequent guest in Oakland and Berkeley, where she has a host of friends.

Mrs. Hugh McCall Webster gave a very elaborate tea for Mrs. Shea a few months ago which was attended by a large number of the local smart set, many of whom crossed last night to attend the wedding.

MARRIED YESTERDAY.

The wedding of Miss Ada G. Morrill of Berkeley to George Holcomb of Reno took place last night at the home of a small company of friends, Rev. Charles L. Meers pastor of the First Congregational church, Alameda, officiating.

Mrs. Holcomb is the daughter of Mr. and Mrs. H. Morrill, well known in the college town. Holcomb is the

'We Put Him to Flight,' Declares Mrs. Belmont

NEW YORK—Mrs. Oliver H. P. Belmont announced that she and the suffragists under her banner had not changed their attitude toward Senator Agnew. She said further that she had no evidence that the senator had altered his attitude toward the suffragists, except his performance at a remarkable about-face maneuver at a Republican rally Thursday night at which Mrs. Belmont and three other women who want the vote were present.

It was at 7 p. m. Thursday that Mrs. Harriet Stanton Blatch, Mrs. William M. Evans, Miss Inez M. Holland and Mrs. Belmont went to No. 210 West Fourth street, where Herbert Parsons and Senator Agnew were to speak.

When the speakers arrived and saw the feminine contingent they sent for the big bass drum out in front and whispered directions in the drummer's ear.

"Mr. Agnew would not mount the platform," said Mrs. Belmont. "He stood on the lowest step and fixed an anxious eye on the door, just across from him. He began nervously, 'gentlemen and visitors.' Of course we laughed. We four were the only women in the house. He rushed through a word about being elsewhere, said he had begun some important legislation work at Albany, and would they please give him their vote. Then with a 'gentleman, good evening,' he dashed for the door at the same moment that the bass drum from the green room gave out a crash that shook the roof."

Mrs. Parsons addressed his listeners as "voters and voters of the future." He rebuked the suffragists however, for pursuing men of such integrity as Agnew.

WOMEN IN THE NEWS

HUBBY PAID HER TO DIVORCE HIM, WIFE CHARGES

The Former Wife of F. Ernest Cramer Makes Grave Charge and Asks \$5000.

Face Powder Barred in Fresno School and Girls Fiercely Protest.

ST. LOUIS, Nov. 17.—In a deposition filed yesterday in the circuit court by attorneys for Mrs. Anna Cramer, former wife of F. Ernest Cramer, president of the Broadway National bank, president of the Cramer Dry Plate Company and recent candidate for mayor, Mrs. Cramer asserts that Cramer agreed to pay her \$15,000 ten years ago if she would divorce him so that he could marry the woman whom he later married. He paid her \$10,000 of the amount and she sued to recover the remaining \$5,000.

When Mrs. Cramer refused to sign her deposition, Cramer's attorneys compelled her to do so this morning. She filed it again this afternoon and her unsigned deposition has filed.

"He gave me the money so that he could marry the woman whom he said he found suited him better than I did," she testified.

He said he was a second Napoleon and told me that when he made up his mind to change a wife he did so despite opposition. He told me when he returned from San Francisco in 1906, he had found a woman who suited him exactly and that there was always a bottle of whiskey and a spoon of salt water waiting for him at home. He said I wasn't smart enough for him and he wanted to get rid of me."

Cramer's second wife was a California photographer's assistant.

Face Powder Barred

FRESNO, Nov. 17.—The Scandinavian colony school districts, one of the largest in the suburban colony around Fresno, is being agitated by an order of the principal directing the girls to appear for classes with "natural" complexions only. Indignation is expressed. Influential women in the district declare the principal, Prof. Arthur, is oversteering his authority in making an order against the use of face powder.

Many of the girls defied their use of face powder on shiny noses. Professor Cramer, in issuing his edict, directed a number of nurses to retire to a cloakroom and wash their faces. When they protested, he declared it was obey or leave. The choice the former.

A number of parents, it is said, will protest to the board of trustees, demanding that Cramer be reprimanded.

Calls Hubby Bigamist

PORTLAND, Nov. 17.—Informed by her husband that he had divorced her, Alice Grinstead married his cousin in Minnesota, and then learned that she had been deceived in the statement that a divorce had been obtained. She came here a few days ago to prosecute Arthur Grinstead, the husband, and he was arrested, together with Alice, and charged with bigamy.

Grinstead is to have married without securing a divorce decree.

Grinstead says she married Arthur Grinstead a year ago in Minnesota and shortly afterward he left for San Francisco, telling her to follow later. When she arrived he had gone and she returned to her home because of her mother's illness. Then he received a letter from Grinstead declaring he had divorced her and she married his cousin, William Grinstead.

Later Grinstead told her in another letter that he had and an attorney about the divorce and she came West to inquire about it. She found that he had married Kate Rauch in San Rafael, Cal., and, after tracing him to Portland, she obtained warrants for him, charging them with illegally residing together.

Three Made Huiresses

ST. LOUIS, Nov. 17.—The will of George S. Meyers, mill and tobacco man of St. Louis, who died in this city August 20, has been filed for probate in the superior court here.

The entire estate, said to be worth \$2,000,000, goes to his three daughters, Miss Joan S. Cravens of Pasadena, Miss Pea Meyers Babcock of Colorado Springs and Miss Herbert Coppel of Trenton, N. J., and to the one grandson, George J. Meyers, who lives at Cayuga and Hobbs. Coppel are trustees and Cravens is named as executor.

The property is principally in St. Louis.

In Habit of Voting

SALEM, Ore., Nov. 17.—B. L. Harry, election judge at Dayton, Ore., has written to Attorney General A. N. Crawford stating that women in his village "are in the habit of voting" as he practically wants to know what an act is done to keep the gentler sex away from the voting booths.

How long the women of the little town have been casting their illegal votes Harry fails to state. The attorney general is called to Harry, asking him that it is the duty of Oregon election judges to bar women voters and that women must not be allowed to vote at any election except school elections, and only when they are in pairs.

MADE HER WEAR LINGERIE IN WINTER

NEW YORK.—To be compelled to return in the steamer after going aboard in the cabin was bad enough, says Mrs. Hattie M. Swindles of Paterson, N. J., but the trip was made much worse because she had no proper clothing. Mrs. Swindles is a divorcee from Frederick J. Swindles, who is in England.

She says her husband had provided her so poorly with clothing that when she started on the return trip she wore only a light summer frock and a straw hat. She landed here on a blustery day in the middle of winter. On this she

Women Better Than Painted

And Now the Trouser Suit

MRS. ALMA WEBSTER POWELL in her suffragette creation.

Mrs. Alma Webster Powell, a society and suffrage leader of New York has foregone skirts, and the picture above shows her in the trouser suit she designed and wears. The coat is made with a Dutch collar. It fastens at the side with frogs and is about the length the finger tips reach when the arm hangs down. The trousers are pleated from a yoke into a hand a little below the knee. They are met by high boots. The hat is of black satin, very small, and is untrimmed, save for a long frog of gold lace. This street costume cost \$125.

Chicago Educator Puts Children Above Angels

CHICAGO.—"In an examination given in a certain theological seminary I saw 12 questions regarding the angels and not one concerning the child. You and I know that one little child, reared in the most vicious surroundings, and with many forces tending to drag it down, is more precious in the sight of God than all the angels in heaven."

So spoke Dean Walter T. Sumner in an address before the county and city teachers in the Association building auditorium yesterday morning. His subject was "Some Child Problems," and he pleaded for methods that would give the child a fair chance in the battle of life.

"Do you realize?" said the dean, "that there are every day in the hospitals of this country 200,000 people living life? And do you realize that there are 3,000,000 abnormal people in the United States, costing this country \$200,000,000 a year? And much of this is a direct result of defects in children."

"I consider the public school system the greatest factor in the solving of our problems. But it is not so much what you teach the child, as it is what you are to the child that is of greatest value to him. We sometimes forget what examples we are."

"The one thing the world demands to-day is a better teacher. The greatest task is to develop it in the child. The agencies that have most to do with the problem are the home, the church, the humane agencies and the school. The church has charge of the child so little of the time that we have to go beyond that agency to solve the problem."

At the close of the address Superintendent A. F. Nightingale of the county schools stepped forward and said:

"That strikes a responsive note right here. Let us all rise and sing the Doxology."

This was done.

On a Silent Honeymoon

NEW YORK.—Never before was there such a strange honeymoon as that of young Harold S. Cornwall and his bride, both of Red Bank, N. J. He is the son of J. W. Cornwall, a wealthy man who has lived for several years in the Globe Hotel in Red Bank, N. J.

The bride was six one-year-old Ida Hayes, a waitress in the Globe Hotel, whom young Cornwall took out for rides in his father's touring car until one day at Corns, N. J., they were married. It was the last ride in that touring car. When the youth returned, told his parents and asked for consent all he got was a scolding. The waitress bride got another.

Then began the strange honeymoon. Daily the bride gave the bridegroom

Cigarette and Drink Habit Decrease, Says W. C. T. U. Head

BALTIMORE.—Drinking and cigarette smoking are not on the increase among the women of America, according to Lillian M. N. Stevens, president of the National Women's Christian Temperance Union.

Addressing the annual convention of the organization here she said in part: "We are sometimes told that drink among women is on the increase. It can hardly be so among the citizens and lower classes, for it is largely drink which has brought them where they are. Alcoholic beverages cannot justify, even among women, the called a class drink, for alcohol in the costly wine glass is a deadly and dangerous as it is in the dingy whisky glass."

"We are sometimes told that there is much cigarette smoking among women. In the course of my travels in England and America I have never seen a woman with a cigarette in her mouth, except in certain localities in New Mexico, where the surroundings were not at all pleasant to contemplate."

"There is reason to believe that some women in England do smoke cigarettes and we are told that there are some in America of like habits. I have seen now and then a woman in a hotel smoking a pipe."

Referring to the "white slave" traffic, the speaker reviewed recent federal, state and city attempts to stifle it, and continued:

"It matters little whether the traffic is organized or not. The fact that it exists in New York and elsewhere is sufficient to arouse humanity loving people."

Miss Stevens vigorously recommended an amendment to the federal constitution prohibiting polygamy and giving to congress power to enforce such prohibition by suitable legislation.

WOMAN FOUND GUILTY OF SLAYING HUSBAND

ST. ALBANS, Vt., Nov. 17.—Mrs. Frank Averill, charged with the murder of her husband, was yesterday found guilty of manslaughter.

Frank Averill was shot at his home near here on the night of October 20. He was taken to the house of a neighbor and said his wife had hit him. The defense told that the shooting was accidental.

Wellesley Has Girl Fire Department

WELLESLEY, Mass.—Wellesley College has a fire department. Miss Mary Sawyer, its chief, is a seasoned member of the department and stands six feet without French heels. Under her are captains, one for each dormitory, and lieutenants, one for each corridor, who look after the maintenance of the fire hose, the placing of extinguishers and who are responsible for life and property in their precincts.

Except for the Wellesley village fire department, which is "small potatoes," so the college girls aver—the college brigade is the only one of the institution in case of fire.

It was already had its first fire drill. A large bonfire was built on the campus and every member of the department was shown the chemical extinguisher, which, turned upside down, squirts a cute little stream that really and truly does put out fires.

The fire drill schedule is like this: The long lines, lights are switched on, windows and transoms closed, doors shut, the person selected drops the hose and on a signal from the lieutenant all file quickly to the main floor, where, if the fire department is not demoralized by fainting spells, the captain calls the roll and the lieutenant answers here or not here. If some one is missing a search is instituted.

Later will come unannounced drills. These will be exciting. The poor, sleepy drows will be pulled from their couches at 6 a. m. There will not be a moment to put off one's pajamas or do the best known before descending downstairs. The ladder won't be sure whether she is going to get a demerit mark or only be burned to death. It may be practice or a real fire.

The captains of the fire brigade wear red badges, and at social affairs, such as plays and concerts, are often mistaken for special policemen.

CHESTER KRUM TOO FAST FOR ARASEE AND SPELLBOUND

Rank Outsider Defeats These Two Speed-Burners With Ease in Crescendo Handicap; Poor Riding Loses Two Races

Favorites were little in evidence at the Oakland race track yesterday afternoon and the public went home lighter in the pocket-book when the day's sport closed.

Right off the reel the horses that looked all to the good began to back up and either lost a chance to annex the winning bracket because the riding was poor or because the way the turfites figured them was wrong.

In the opening event, a five-furlong dash for maidens, the bettors began to unload on Tay Pay and sent McManus' colt to the post a 11 to 5 favorite. The youngster got off in front and then moved back, Pay Streak taking the lead at the half pole and holding it all the way past the wire. Tin Judge was second and Eddie Mort, well liked, was third.

Prosper brought home the winning bracket in the second race because Archibald gave the Widemann entry a clever ride and because the gelding was fit and ready. Netting, second choice in the betting, was going great guns at the finish and had little trouble annexing the place from Harry Stanhope.

POOR RIDING LOSSES FOR LORD OF THE FOREST.

Roy Junior from the Jones stable won the third event on the program and the backers of the chestnut can thank Archibald that he finished in front, for had Garner rode like a jockey he would have ridden, the Gaelic would have been the winner.

Off nicely, Garner took his mount to the front and stayed there until the stretch, leading by four lengths. Here Archibald saw Garner loafing and like a shot he booted forward with Junior, winning by a nose. Marburg easily won the snaffle from Banorella.

The Crescendo handicap at a mile and twenty yards upset all calculations of the public, for Spellbound and Araisee were beaten out by the longest shot in the race, Chester Krum. Thomas was all the best of the saddlemen in this race and he held Chester safely, while Archibald and Van Dusen ran their mounts into the ground. Then the little colored boy came to the front and went under the wire pulled up three lengths ahead of Spellbound.

Stanley Metzner brought home a big chunk of coin to his backers in the fifth and again it was a clever ride by Archibald over Garden that landed the money. The folk gelding went to the post at 12 to 1, but a continual play forced his price down to six and there was a big play even at the last figure.

Up to the three-quarter mark, G. looked all the best, but no boy began to get careless and near the finish Archibald came along and beat the Whitehill entry. Oswald B. ran a clever race and finished third.

Rocky O'Brien was installed favorite for past performances in the last race, but had to give way to Setback at the finish. Pride of Lismore with a better ride would have been a front.

GOSSIP OF THE TURF.

The many friends of Harry Frolich will be grieved to learn of his death. The noted turfite passed away yesterday after a lingering illness. The Oakland Order of Eagles, of which the deceased was a prominent member, has taken charge of the body.

"All weighed" George H. Smith said yesterday that he expects four more flyers to make the weight Saturday.

A bunch of turfites stepped off the Western Pacific overland train yesterday from the East and Middle West.

Jockey "Happy" Buxton and Set Back are a hard team to beat. The midge rider put up a good judged ride on Ed Gaylord's speed "maver".

The Denver delegation were down to a man on Set Back.

Trainer Harry Mason fooled the army of clerks as to how good Set Back was.

Owner Ed. Gaylord took some solid mounts out of the ring on the win of Set Back.

So did Al Conney.

Pay Streak, with jockey Thomas to the starting, was the good thing that went through in the day's owner.

The many friends in the East of H. G. Redwell are doing all in their power to see his reinstatement. The Kentucky

Racing Commission will take up his case again on November 23d.

Shirley Frank Ennet was at the track yesterday. The popular guardian of the law expressed himself as well pleased with the way things are being conducted at the track.

James McGovern, who knows the game from A to Z, has been appointed as patrol judge for the New California Jockey Club.

"Silky" Waller, the proud owner of that once good head-stubber Proof Press, is connected with Jack Atkins' big store.

Jake Dimont who has been training the horses of W. T. Anderson for several seasons, has severed his connection with that stable.

Ed Dalrymple, who made the field book during the Denver meet, is taking a crack at them from the ground. He is a good judge of prices and "done".

Assistant Starter James "Morrell" Haley made a hit in starting the horses on their journey at Helena and Great Falls during the races at those Montana cities.

"Chappy" Portion, one of the oldest valets in the United States, has Jockey Callahan and "Bary" Duxton under his wing this winter. "Chappy" has the distinction of developing more top-notchers in the saddle than any man in the past decade.

Jockey T. McCallach, a noted Canadian rider, will be seen in the saddle at Emeryville.

Jockey T. Burns, not the once fashionable pigskin artist, but a clever, hustling rider from Texas, will also be seen in the saddle here during the winter campaign.

THE S. A. S. BASEBALL TEAM

CAL EWING IS WORKING WELL FOR COAST LEAGUERS HAVE WON TWENTY-FIVE GAMES IN AMATEUR BALLDOM OAKS WILL HAVE BIG BENEFIT SUNDAY MORNING

Brings Classification Matter Squarely Before National Commission.

CHICAGO, Nov. 17.—The board of arbitration of the National Association of Professional Baseball Leagues last night gave hearing to evidence bearing on classification of leagues.

President Tamm of the Three I League, whose membership in class B is threatened, made a fight to delay reclassification, or to instruct the board not to reduce the classification of leagues that may have fallen below the population requirements. Tamm admitted that his league was shy about 25,000 persons from the population required for class B leagues.

He finally secured the adoption of a resolution recommending to the board that it use every effort to secure the consent of the national commission to permit the leagues whose classification is in jeopardy to retain their present rating.

Cal Ewing, member of the board from California, brought the classification matter squarely before the meeting when he declared that efforts to dodge the issue were futile. The constitution of the association and the agreement with the national commission, he said, leave the board no discretion to question the authenticity of this agreement.

The association adjourned until today, but the board of arbitration renewed its deliberations last night.

The old matter of a new class "A" or "B" to support the minor leagues, the association and the Eastern League will not require consideration at this gathering. The American Association is expected to attend the meeting and President Powers of the Eastern League said he would not bring up that issue.

M. H. Sexton of Rock Island, South Division, was elected president and J. H. Farrell of Auburn, N. Y., was made secretary of the National Association of Professional Baseball Leagues. Secretary Farrell was named for one year, and his salary raised to \$5000.

Class C and D leagues were given representation on the national board of arbitration, which was composed of eight members three to be chosen from class A leagues, three from class B and one each from class C and D.

President Powers of the Eastern League, who arrived yesterday at the same train that brought Manager McGovern of the New York Yankees, announced that next year trouble could be expected from his league in regard to classification.

"I don't know whether I shall be head of the Eastern League again, but I can say to you that the Eastern has, as you know, repudiated the ten-year agreement of the association. That does not expire until next year."

Next year, however, I am quite sure, the ten-year agreement will not be subscribed to unless it is changed in the way that the Eastern has, as you know, repudiated the ten-year agreement of the association. That does not expire until next year.

Next year, however, I am quite sure, the ten-year agreement will not be subscribed to unless it is changed in the way that the Eastern has, as you know, repudiated the ten-year agreement of the association. That does not expire until next year.

The St. Aloysius sodality baseball team of the S. E. Elfrabeth Parish of Fruitvale commenced its 1916 season in the latter part of May under the management of Rev. Fr. Francis and J. Walden, and is today one of the most popular and best equipped boys' team around the bay.

The S. A. S. team has played, so far this season, 32 games, and has won 25, which is certainly a good record for the sodality boys, having played most of the best teams such as the Dons, Sonoma, Deweys, Kentfield Juniors and many other teams which have also good standings in amateur circles.

The S. A. S. intend to play winter baseball and expects that by the end of the midwinter season it will have a long list of victories.

The players of the sodality team certainly deserve credit for the way they "stuck" together, having today but for a few exceptions, practically the same lineup that they started with.

Next season the S. A. S. expect to have the same lineup and promise to hold their own in the 1916 year old average.

The lineup: R. Osgueda and J. Walters pitchers, T. I. Oesch and Bauer catchers, L. J. Dianelli first base, Mora second base, A. Cousins shortstop, R. Bmaline third base and utility, R. Valdear (captain) left field, Leo Collins center field, J. Bold and V. Beverage fielders and utility men.

The sodality has a basket ball team averaging 115 pounds. Games for both baseball and basket ball teams can be arranged through Spalding's book department, San Francisco.

Judge McCredie Looks for Ball Players in Big League Clubs

CHICAGO, Nov. 17.—Manager Walter McCredie of the Portland club of the Northwestern League reached the city yesterday for the world's championship match for 1916. He had been in conference with 19 getting players for next year.

Demarest Makes New Record at Billiards

CHICAGO, Nov. 17.—Alvin Demarest, the young Chicago billiard player, in practice hung up a new record yesterday for the 15.2 style of play.

He made 312, breaking the best previous mark either in practice or competition of 307, made by Willie Hoppe in 1908 at the all-star tournament in Orchestra hall.

HIGHLANDERS SIGN UP. NEW YORK, Nov. 17.—Pitchers James Vaughan and Raymond Fisher have signed with the New York American League club for 1917.

CHESS PLAYERS STILL AT IT. BERLIN, Nov. 17.—The third game in the chess match for the world's championship between Emanuel Lasker and R. Janowski ended in a draw.

WILLAMETTE DOWNS MULTNOMAH. SALEM, Ore., Nov. 17.—Willamette University 20, Multnomah 6, yesterday.

Jockey "Happy" Buxton, whose work in the saddle at Denver, Cheyenne and Ogden was of the first-class sort, is a fearless and daring performer.

FANS WONDERING IF 'BAT' AND WOLGAST ARE TO ENTER RING

Adolph Acts as if He Was Afraid to Meet Nelson; St. Marys-Santa Clara Rugby Game Should Be Exciting

By EDDIE SMITH.

IF Ad Wolgast studied his words in the hope of getting some advertisement from them when he sent Louis Blot a telegram saying that he cared little to mix with Battling Nelson in December, and gave as his reason that Nelson would not be a drawing card after the Moran contest, he succeeded in getting that which he had hoped for.

Mr. Oscar Mathew Battling Nelson is some pumpkins himself when it comes to breaking into print, and what he has and will have to say about Wolgast will be a caution. In this sort of a battle Nelson is bound to be a winner, for the lightweight never lived who was able to outdraw the Dane when it came to "packing them in" to witness boxing contests.

Nelson has said a lot of things already about Wolgast and the German lad has no doubt been telling the Chicago scribes a lot of things about Nelson. The only interest the public has in this affair is to know when and where the men are to meet and if there is any chance of their ever coming together.

The answer is that if Nelson gets over the Moran hurdle in anything like clean cut style Mr. Wolgast will have to meet him or go into retirement for good. The people of fistiana want another match between Nelson and Wolgast and they are the real dictators after all. It may seem that the boxer gets what he wants in the game, but looks are often deceptive.

PUBLIC ARE THE DICTATORS.

The public forced Jimmy Britt to meet Nelson in a long distance contest. It forced the same Britt to meet Joe Gans and it forced Jim Jeffries into a match with Jack Johnson. For a certain length of time the boxer is successful in getting past this desire on the part of the public, but sooner or later he must abide by their wishes.

That is the reason why there will be a Nelson-Wolgast match this spring if the Dane wins from Moran. As to Nelson being a card once again. The proof of the pudding is the tasting and all that is necessary is the record of Nelson to prove that the claim we have made for him is correct.

But then we are getting ahead of our time. Jimmy Corfith would say, if he was to overbear an argument like the above, that we were cribbing his Moran-Nelson bout by talking about Nelson and Wolgast too much.

NELSON MUST HUSTLE TO WIN.

This would be so if Nelson was matched with a boxer whose ability made it seem that he would be a cinch to win. In the Moran contest this is not the case, however, for Nelson will have to hang on to the lead to win from the little Britisher. The argument has been raised that if Nelson was able to rush La Grave as he did in their fifteen-round contest that he will be able to do the same with a small man.

Just one thing has been eliminated from such an argument which must be counted. Moran knows more about the boxing game and its tricks and by-plays in an hour.

It is this knowledge that will keep him safer than LaGrave was and to me it would seem that the picking of a winner in the coming contest is not at all an easy thing to do. Nelson doesn't think he has any snap, for is making more elaborate preparation for it in his condition than he has for many of his past contests.

ST. MARY'S-SANTA CLARA GAME.

If anyone was to ask the writer where he would like to go for a good day's sport next Saturday afternoon his reply would be to Berkeley or witness the annual game between St. Mary's and Santa Clara colleges. Since the boys of the Catholic schools have taken up Rugby

MEN DO NOT NEGLECT A Chronic Discharge

Daily I am reminding men of the great importance of proper treatment upon the first appearance of this disease. If properly treated at once it will get well in a few days and without complications. If neglected it leads to a long and painful treatment.

There is absolutely no patchwork in the treatment of this disease. It is a scientific and professional reliability in the cure of this disease. I make a specialty of this disease. I make a specialty of this disease. I make a specialty of this disease.

TRY TO DRIVE CHICO MAN FROM THE CITY

CHICO, Nov. 17.—A report was made to the police yesterday that a large gasolene launch belonging to L. S. Ballein, father of the 16-year-old girl who caused the arrest of five men on assault charges in September, was burned by unknown men at an early hour this morning and that Ballein was shot at twice from across the Sacramento river when he tried to save his property from the flames.

Alex Krause, Frank Gibson, Charles Batchelder, Joe Nevils and Frank Rollins are the men who are awaiting trial in the Superior Court under Grand Jury indictments. Some of them are out on bail.

"Curly" Pratt, the sixth man accused by the girl, has thus far escaped capture. In October some one poisoned Ballein's dog after a nightfall and fired bullets through his house. It is believed an attempt is being made to drive him from the country.

SAVES AN IOWA MAN'S LIFE.

The very grave seemed to yawn before Robert Madson, of West Burlington, Iowa, when, after seven weeks in the hospital, he was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 60¢ at Osgood Bros.

PIEDMONT TURKISH BATH.

Good music and a good time at Lake-side Rink. Ladies free.

WITHDRAWS COMPLAINT FOR CHILDREN'S SAKE

SAN FRANCISCO, Nov. 17.—Willing to forgive his wife for the sake of his two children, Dr. Francis Gruss, the dentist and former town trustee of Mill Valley, withdrew his complaint for divorce yesterday, but his forgiveness did not run to E. L. Doherty, head of the Doherty Lumber Company, who was named as co-respondent.

Doctor Gruss and his wife are reconciled and living together at 221 First avenue, but with the understanding that if Doherty crosses the threshold there will be trouble.

"I withdrew my complaint for divorce," said Doctor Gruss, "but I do not withdraw my charges against Doherty. These stand. I simply have come to the conclusion that I am not going to allow the future of my children and my wife's happiness to be wrecked by the designs of a man of the stamp of Doherty."

OREGONIAN COMPANY ELECT NEW OFFICERS

PORTLAND, Ore., Nov. 17.—The directors of the Oregonian Publishing Company yesterday elected Henry L. Pittock president, treasurer and manager, and C. A. Morden assistant manager. Pittock has designated Edgar B. Piper managing editor, to direct the news and editorial departments of the Oregonian.

STUDENTS TO GET LITERARY CREDITS

Columbia University to Encourage Newspaper and Magazine Work.

NEW YORK, Nov. 17.—Columbia University is preparing a scheme for giving academic credit for student activity outside of the class room, such as work on the college newspaper and magazine, debating and membership in literary societies. Athletics, however, will not be allowed in count.

A year ago President Butler recommended that such credit be given to students who were active in non-athletic affairs which are of educational value. Although the amount of credits that will be allotted for the various forms of student activities has not been fixed by the committee in charge, it is probable that each student will receive from one to four hours credit a year for work done under the system, and the number of credits that would be counted toward a degree would be between four and eight out of a total of 124.

SAN FRANCISCO DROPS DEAD IN COLORADO CITY

COLORADO SPRINGS, Col., Nov. 17.—Exhausted after his long trip to this city, where he was coming for treatment for tuberculosis at the Modern Woodmen Sanitarium, a man, believed to be Alfred R. Brause of 41 Pierce street, San Francisco, dropped dead yesterday afternoon in the corridor of the Chamber of Commerce building. The body was removed to an undertaking establishment where it will be kept pending an investigation by the coroner and to await instructions as to its disposition. Identification of the man was made through a letter in his pocket addressed as above and containing instructions as to how to reach the sanitarium after coming to this city.

AVIATORS TRY OUT DENVER'S ALTITUDE

DENVER, Nov. 17.—Spectators at Denver's mile-high aviation field witnessed interesting flights by Ralph Johnson, Arch Hovey and Walter R. Brookings, the Wright bird-men giving exhibitions at Overland Park yesterday afternoon. Johnson, without attempting anything like record-breaking, gave a series of flights, rose in the air about 1500 feet and sailed gracefully over the field back and forth for several minutes. While Johnson was pushing his machine skyward Hovey circled 500 feet below him, cutting figure eights, tilting and dipping as the crowd gazed spellbound at his maneuvers. Brookings was also darting to and fro across the field at an altitude of about 1000 feet.

JAPAN CHAFES AT NAVAL ALLOTMENT

VICTORIA, B. C., Nov. 17.—The \$10,000,000 which the Japanese Premier Marquis Katsura, announced would be included in the budget for the naval expansion spread over six years is not considered sufficient by Japanese authorities. A Tokyo newspaper reports that when the budget was being compiled a request for a disbursement of \$20,000,000 spread over ten years. "The military authorities also asked for increased expenditures, proposing to add two divisions to the existing force of twenty-one divisions. Marquis Katsura, stated these proposals as beyond the capacity of the Government."

GOOD RESULTS ALWAYS FOLLOW
